PUBLIC AND SUPPORT SERVICES GROUP – ADMINISTRATION

Norman A. Kanold

MISSION STATEMENT

The mission of Public and Support Services Group (PSSG) - Administration is to effectively oversee fourteen county departments providing a variety of regional and municipal public services as well as internal support services that enhance/protect the quality of life for county residents and increase the level of efficiency for county operations.

STRATEGIC GOALS

Public and Support Services Group - Administration is a function of the County Administrative Office (CAO) and therefore shares many of the same strategic goals of the CAO. In addition, PSSG Administration has established a separate goal of ensuring the effective delivery of public service programs that enhance the quality of life for county residents and support service programs that improve the efficiency of county departments/agencies.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

PSSG was formed during a county organizational restructuring approved by the Board of Supervisors in May 2005. This group includes those departments having a strong interface with the general public as well as a number of internal support departments.

PSSG - Administration coordinates the administrative and budget activities of fourteen county departments charged with providing services to the public and to other county departments. The departments are: Architecture & Engineering, Agriculture/Weights and Measures, Airports, County Fire, Facilities Management, Fleet Management, Land Use Services (which includes Building and Safety, Current and Advance Planning, and Code Enforcement), County Library, County Museum, Public Works (which includes Transportation/Flood, Surveyor, and Solid Waste Management), Real Estate Services, Regional Parks, Registrar of Voters, and Special Districts. PSSG - Administration also ensures that these departments operate within legal and Board approved policy parameters by providing internal policy and procedural guidance for all departments within the group.

The Assistant County Administrator for PSSG serves as a principal assistant to the County Administrative Officer and works closely with the Board of Supervisors on all matters involving the group's activities.

BUDGET HISTORY

The significant increase in appropriation and local cost beginning in 2005-06 is a result of the county's organizational restructuring approved by the Board in May 2005. This action established PSSG - Administration as being 100% local cost funded. In the past, this department had been financed through reimbursements received from non-general fund county departments.

Salaries and benefits of \$1,750,167 fund 10.0 positions and are increasing by \$145,473 primarily resulting from costs associated with MOU, equity, and retirement rate adjustments.

Services and supplies of \$103,708 include software upgrades, annual maintenance, training, and other costs associated with automation of the Computer Aided Facilities Management (CAFM) program. The small decrease of \$5,959 reflects a reduction in risk management liabilities for the department.

Other charges of \$100,000, including the \$40,124 increase from prior year, represent payment to the University of California Cooperative Extension to support research and education programs in San Bernardino County.

During the 2006-07 budget process, PSSG - Administration received additional general fund financing to reimburse the Information Services Department (ISD) for a Programmer Analyst III position assigned to CAFM. In 2007-08 financing has been transferred to ISD; resulting in the \$114,939 decrease in transfers. The balance of \$5,466 budgeted in 2007-08 is primarily for EH&P charges.

PERFORMANCE MEASURES			
Description of Performance Measure	2006-07 Projected	2006-07 Actual	2007-08 Projected
Number of monthly meetings between PSSG administrative staff and PSSG department heads.	10	10	11
Percentage of county-owned and leased buildings with electronic format (AutoCAD) floor plan drawings. (The county has 9.7 million square feet of owned and leased facilities.)	35%	30%	40%
Percentage increase in the number of master gardeners trained.	New	New	10%

The performance measure concerning the number of monthly department head meetings demonstrates an emphasis by PSSG - Administration to provide its department heads with continuing guidance on a regular basis in regards to Board directives, county policies, budget goals/objectives, and strategic planning oversight.

In 2006-07, the Board of Supervisors approved \$269,600 in ongoing funds to add AutoCAD electronic floor plan drawings for additional county facilities in order to help complete automation of the Computer Aided Facilities Management program. This funding allowed for the addition of two positions to assist with the project. One position was filled immediately by the Information Services Department. The second position, an Asset Management Analyst, required the establishment of a new job classification that resulted in the position not being filled until mid-December 2006. Due to this delay in hiring, only 30% of the buildings had electronic drawings in 2006-07, with a goal of achieving 40% during 2007-08.

In 2007-08, the Board of Supervisors approved additional funding in the amount of \$40,000 for the University of California Cooperative Extension (UCCE). The UCCE will use these funds to assist its Master Gardener program. This program provides gardening and horticulture information to the residents of San Bernardino County by trained volunteers who disseminate university research-based information to the public. The volunteers receive training in botany, horticulture, pest management, efficient irrigation practices, and water conservation.

AGRICULTURE/WEIGHTS AND MEASURES

John G. Gardner

MISSION STATEMENT

The Department of Agriculture/Weights and Measures protects the environment, agricultural industry, businesses and consumers of this state and county through regulation and satisfies its customers by providing services that promote the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the customers it serves.

STRATEGIC GOALS

1. Continue to protect the public's health, agriculture and the environment by preventing proscribed foreign pest infestations and the misuse of pesticides, in light of increases in county growth.
2. Continue to protect county residents from being overcharged for purchased goods by ensuring accuracy in the measurement of commodities sold, and prices charged by retail businesses that utilize barcode scanning equipment, in light of county growth.

Detailed information for each budget unit follows, along with a description of the services provided, budget unit history and applicable performance measures.

Agriculture/Weights and Measures

DESCRIPTION OF MAJOR SERVICES

The Department of Agriculture/Weights and Measures protects the environment, public health, worker safety and the welfare of the public by enforcing state and local agricultural and consumer protection laws. The department enforces plant quarantines, detects and eradicates unwanted foreign pests and regulates pesticide use, the agricultural industry and all business transactions based on units of measures such as weight or volume. Additional duties include, inspecting produce, eggs, and nursery stock, controlling vegetation along state and county right-of-ways and flood control channels, and manufacturing rodent baits for sale to the general public. The department also administers the California Grazing budget, which funds rangeland improvements on federal land within the County.

The Environmental Regulatory Division regulates pesticide use, manufactures rodent baits, controls vegetation along right-of-ways, and regulates apiaries and the removal of desert native plants. Permit, registration and inspection controls on the commercial use of pesticides helps prevent serious environmental and human illness incidents resulting from the misuse of pesticides. In addition, all pesticide use related complaints and illnesses are investigated to determine why the problem occurred and enforcement actions are taken to ensure compliance. Control of vegetation reduces maintenance costs and reduces fire hazards. Noxious weeds are controlled at a number of sites to prevent their spread. Rodent baits are sold at cost to the public to assist in controlling rodent-caused damage and rodent-borne diseases.

The Consumer Protection Division inspects all commercially used weighing and measuring devices, verifies price scanner accuracy and the quantity of pre-packaged goods, monitors certified farmer's markets and performs quality control inspections of eggs and produce. Consumers and businesses are protected and commerce enhanced by accurate weighing and measuring devices and the correct pricing of goods. These devices are inspected on an annual basis and whenever complaints are received. Produce and egg quality inspections protect consumers by helping ensure food safety.

The Pest Prevention Division regulates the movement of plants and plant products, monitors the county to detect foreign pests, and inspects nurseries.

Budgeted Staffing					65.7	69.3	3.6

Salaries and benefits of \$4,837,049 fund 69.3 positions and are increasing by \$222,561 primarily due to costs to maintain current services, such as negotiated labor agreements, and the increase of 3.6 budgeted positions requested to address succession planning needs, recruitment, and program changes. The additional costs for these 3.6 positions are substantially offset by savings due to budgeting various existing positions at lower step levels because of staff turnover, and a reduction in worker compensation costs.

Budgeted staffing adjustments are as follows:

- Added 1.0 Agricultural Standards Officer IV position (\$56,405) to establish a training position to accommodate succession planning. An employee who is appointed to this position would be assigned to work alongside an existing staff member that plans to retire in the near future, in order to provide for continuity in service and reduced downtime when such retirement vacancies occur.
- Added 1.0 Public Service Employee position (\$28,531) to cultivate the recruitment of future Agricultural Standards Officers. The department would contact local colleges that offer agricultural and pest management programs to solicit students willing to participate in an internship program at the department, one person at a time over a specified period (approximately 10 weeks), as a means to attract future employees.
- Added 1.5 Public Service Employee positions (\$42,798) to hire extra help staff to provide pest detection trap placements and servicings during the peak 9 month period.
- Added 0.1 various budgeted position salary step and vacancy factor adjustments.

Services and supplies of \$1,498,316 include herbicide purchases, vehicle and maintenance charges, routine small equipment purchases, communications, and general operating expenses. The increase of \$92,885 from the previous year primarily provides for additional staff development training (\$23,000), replacement of computers (\$28,194), improvements to the work environment (\$20,000), and overall net adjustments for general operations (\$21,691).

Equipment and lease-purchase of \$36,682 collectively funds the continuation of a lease-purchase of a weed control spray truck (\$29,682) and the purchase of a replacement photocopy machine (\$7,000). The net decrease of \$35,567 is primarily attributed to budgeted vehicle purchases of \$46,970 in 2006-07 that are eliminated in 2007-08.

Transfers of \$112,202 fund contributions toward the cost of the employee health and wellness program (\$16,007), rent for two office locations (\$68,670), and custodial/maintenance charges and other (\$27,525). The increase of \$34,095 is primarily attributed to a reclassification of \$26,200 in custodial and general maintenance charges that were previously budgeted within services and supplies.

Revenue totaling \$3,921,170 is derived from a variety of services, permits, contracts and mandates. Major sources of revenue are: device registration fees (\$485,000), scanner registration fees (\$115,000), state funded pest detection services (\$1,079,845), unclaimed gas tax (\$530,000), weed control services (\$771,000), pesticide mill fees (\$284,000), and weights/measures and pesticide violations (\$100,000). The overall increase of \$65,992 is primarily attributed to an increase of \$34,293 in device and scanner registration fees due to volume growth, and an increase of \$49,600 from weights/measures and pesticide violations.

California Grazing

DESCRIPTION OF MAJOR SERVICES

The California Grazing budget funds a variety of range improvement projects such as cattle guards, fencing, pipelines, tanks, and other water dispensing facilities recommended by the County's Range Improvement Advisory Committee (RIAC). RIAC is comprised of five Bureau of Land Management lessees and one wildlife representative, and are appointed by the Board of Supervisors. RIAC recommends to the Board of Supervisors various grazing improvement projects for funding. The BLM, the federal agency responsible for leasing the grazing allotments to the ranchers, reviews the environmental impact of projects. Funding for these projects comes from fees paid to the federal government for grazing rights by ranchers under the provisions of the federal Taylor Grazing Act of 1934. A portion of the grazing fees is distributed back to the county to fund improvements on federal lands. The county acts in a trustee capacity for these funds.

There is no staffing associated with this budget unit.

Departmental Revenue	9,112	8,165	8,623	7,500	3,969
Fund Balance				129,816	

There were no expenditures in 2006-07, and expenditures in general are substantially less than the amount budgeted because the entire unreserved fund balance must be appropriated each year in accordance with Section 29009 of the State Government Code. Decreased grazing activity and a reduction in the areas leased has resulted in less grazing right fee revenues and less demand for grazing improvements (which are funded by fees paid by the ranchers).

MISSION STATEMENT

The mission of San Bernardino County Department of Airports is to plan, organize and direct the county's airport and aviation system to provide high-quality aviation facilities and services in a safe and efficient manner, optimizing the benefit to the communities and citizens of the county.

STRATEGIC GOALS

1. Improve administration of leasing activity to increase department productivity for the benefit of airport users.
2. Improve coordination and management of Airports Capital Improvement Program to enhance the safety of county airports.
3. Measure the quality of customer service at the airports to determine the needs/concerns of airport users and provide the best service possible.

Airports

DESCRIPTION OF MAJOR SERVICES

The Department of Airports provides for the management, maintenance, and operation of six airports (Apple Valley, Chino, Barstow-Daggett, Needles, Twentynine Palms, and Baker), as well as technical support to San Bernardino International Airport (a Joint Powers Authority comprised of the county and the cities of Colton, Highland, Loma Linda and San Bernardino). The department assures that county airports are maintained and operated in compliance with state and federal regulations. The department also assists the county's private and municipal airport operators in planning, interpreting, and implementing Federal Aviation Administration (FAA) general aviation requirements.

Salaries and benefits of \$2,349,520 fund 29.5 budgeted positions. The \$79,750 increase is primarily due to MOU and retirement rate adjustments. The department also added 1.0 Airport Maintenance Worker I to augment staffing requirements at Chino Airport; however, the cost of this position will be offset by the deletion of 1.0 vacant Airport Operations Supervisor.

Services and supplies of \$1,093,559 include the cost of operating and managing the county airports, including insurance and maintenance costs. The \$66,321 decrease is mainly the result of less risk management liabilities.

Other charges of \$40,532 represent repayment of a state aviation loan. The small decrease of \$1,932 is the result of reduced interest on the outstanding amount. The loan proceeds were originally used to fund improvements at Chino Airport.

No equipment purchases are budgeted for 2007-08.

Transfers of \$21,166 reflect the amount budgeted for Human Resources, Payroll, and EH&P charges.

Reimbursements of \$724,698 represent the amount of salaries and benefits costs associated with CSA 60, Apple Valley Airport (\$602,377) and the Chino Airport Commercial Hangars (\$122,321). The \$64,150 increase is the result of MOU/retirement rate adjustments and additional staff hours of personnel assigned to those two facilities.

Use of money and property of \$2,520,772 represents revenue from the lease and rental of airport facilities. The \$123,944 decrease includes a \$226,008 loss of revenue from the Yanks Museum (\$114,000) and the Air Museum (\$35,952) at Chino Airport, as well as U.S. Army leases at the Barstow/Daggett Airport (\$76,056). These reductions are being partially offset by an additional \$102,000 in revenue resulting from Board of Supervisors approval of the department's ordinance-based fee increases.

State revenue of \$40,000 is an annual stipend from the State of California to assist the department with operating costs at the airports.

Current services of \$176,524 represent revenues from fuel flowage. The \$41,830 increase is due to more corporate aviation activity occurring at Chino Airport.

Other revenues of \$61,000 consist of \$50,000 in reimbursements from the U.S. Army for maintaining their portion of the Waste Water Treatment plant at the Barstow-Daggett Airport, in addition to \$11,000 associated with use permits and tie down fees at the airports.

Chino Airport Commercial Hangars

DESCRIPTION OF MAJOR SERVICES

The Department of Airports manages, maintains, and operates the Chino Airport Commercial Hangar complex. The Commercial Hangars were constructed in 1987 with proceeds from a 30-year bond issue. In addition to maintenance expenses, appropriation is budgeted annually for insurance costs. Appropriation for this budget unit is financed from rental revenues and available fund balance.

There is no staffing associated with this budget unit.

Services and supplies of \$347,151 include maintenance and insurance costs. The \$50,301 increase is mainly attributed to additional appropriation in 2007-08 for maintaining the facility.

Land and improvements of \$150,000 are budgeted for the repair and replacement of pavement. With increased activity at the commercial hangars, the department believes that an additional \$50,000 appropriated in 2007-08 for this purpose is warranted.

Equipment is budgeted at \$125,000 for replacement of an emergency generator (\$100,000) and the addition of security cameras (\$25,000).

Vehicles are budgeted at \$150,000 for an aerial lift truck needed for increased maintenance activities at the Commercial Hangars.

Transfers of \$122,321 consist of labor reimbursement to the Airports' general fund budget unit. The slight increase of \$3,563 is due to MOU and retirement rate adjustments.

Contingencies are increasing by \$59,799 due to additional fund balance available.

The use of money and property of \$821,347 consists of lease revenues. The increase of \$118,951 is due to the Commercial Hangars expected to be fully occupied for the year, in addition to CPI increases on the existing leases.

ARCHITECTURE AND ENGINEERING

Carl R. Alban

MISSION STATEMENT

The mission of the Architecture and Engineering Department (A&E) is the timely, cost effective implementation of the design and construction of projects included in the County's Capital improvement Program (CIP), providing quality improvements, and ensuring accessible and safe environments for County departments and the public they serve.

STRATEGIC GOALS

1. Improve the cost-effectiveness of project administration services.
2. Improve the timely completion of construction projects.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

A&E is responsible for planning and implementing the quality design and construction of projects included in the county's Capital Improvement Program; as well as other Regional Parks, Airports, and Community Development and Housing Department projects. The department collaborates with other county agencies, the County Administrative Office, and the Board of Supervisors to develop project scope, schedule, and budget. A&E then administers these projects from conceptual design through construction to completion. Staff issues requests for proposals to secure consultant services; prepares the bid package; solicits competitive construction bids; obtains the appropriate jurisdictional approvals; and provides inspection and construction management services through project completion and closeout.

A&E strives to be a competitive public service organization dedicated to delivering successful projects and quality services for San Bernardino County in a timely and cost effective manner. A&E takes pride in its ability to respond quickly to changing organizational needs and priorities, while continuing to provide quality improvements for the benefit of county departments and the public they serve.

Salaries and benefits of \$2,932,742 fund 28.0 positions, which is an increase of \$193,355 and 1.7 budgeted staffing. Appropriation adjustments reflect various staffing changes, increased workers' compensation charges, MOU and retirement rate adjustments.

Budgeted staffing adjustments are requested as follows:

- A vacant Secretary I (pay range 35) is reclassified laterally to Office Specialist (pay range 35) to better align the classification with the actual duties of the position, which includes document retrieval and filing in the department's plan room.
- A vacant Engineering Technician I (pay range 34) is reclassified downward to Office Assistant III (pay range 31) and increased from 0.8 to 1.0 budgeted staffing to ensure project files are maintained accurately and timely.
- An Office Assistant II is increased from 0.5 to 1.0 budgeted staffing. This position is the department's primary receptionist and performs a wide-range of front office and customer service related duties.
- 1.0 Office Specialist (pay range 35) to manage the department's new Document Management System, which is currently being implemented. This new system will decrease costs by reducing the department's need to maintain the bulky and cumbersome plans and specifications traditionally associated with project management services.

Services and supplies of \$416,930 primarily include non-inventoriable equipment, contract services, and charges for telephone and vehicles services, which are all necessary to provide project management and inspection services. The decrease of \$36,366 is a result of one-time purchases in 2006-07 of various hardware and software upgrades within the department.

Equipment of \$12,500 is for purchase of a plotter that will work in conjunction with the aforementioned document management system.

The vehicle budget remains unchanged at \$45,000. This reflects the purchase of two vehicles to be used primarily by project management and project inspection staff.

Transfers are increased by \$3,809 to reflect adjustments for payroll processing, information technology, and EH&P charges.

All the budget adjustments detailed above, totaling \$177,003, are fully offset by increased reimbursements from customers for project management services.

COUNTY LIBRARY Ed Kieczkowski

MISSION STATEMENT

The mission of the San Bernardino County Library is to provide equal access to information services and materials for all people of the County of San Bernardino. The Library actively promotes its information services, materials and programs for the informational, educational, cultural and recreational needs of all residents of San Bernardino County.

STRATEGIC GOALS

1. Increase the physical capacity of library facilities to service the growing educational needs of county residents.
2. Enhance computer and electronic resources for better educational and informational opportunities to the public.
3. Continue the effort of patron self-sufficiency at branch libraries to improve customer service and increase department productivity.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Library provides public library services through a network of 30 branches in the unincorporated areas and 17 cities within the county. Two bookmobiles reach people who live in sparsely populated areas or are unable to use the traditional branches. County Library provides access to information through its materials collection, as well as 500 Internet accessible public computers. The public computers also provide access to a number of online databases and other electronic resources. Electronic access to the County Library's collection of materials is available through the Internet, and daily delivery services provide for materials to be shared among the various branches.

The Library's on-line catalog, a joint project with the County of Riverside, provides access to 2.5 million items. The system allows for patrons in either system to directly request materials held by the other and to have those items delivered to their local branch for pick up. In 2006-07, 180,000 items are expected to cross county lines to the benefit of both County's residents. The Library's book collection is supplemented by materials in other formats, such as magazines, newspapers, government documents, books on tape, pamphlets, compact discs, DVD's videotapes, microfilm and electronic/on-line services and materials. Cultural and educational programs for all ages, including literacy services and other specialized programs, are provided at branch locations. In addition, County Recorder services are located at the Apple Valley, Fontana and Montclair branch libraries.

The County Library system is financed primarily through dedicated property tax revenues and is also supported by local Friends of the Library organizations that financially assist library branches in local communities. A total of 1,500 volunteers perform a variety of tasks in supporting local libraries.

The Library provides extensive opportunities for staff training and continued education, including work toward professional degrees, to enhance public service. The Library has developed active partnerships with the communities it serves, resulting in additional funding and the provision of facilities at minimal cost. Additionally, the Library utilizes the latest technology to provide County residents with up-to-date resources and tools, particularly public access computers. 2006-07 saw the introduction of self service materials checkout's at several selected branches within the library system and it is anticipated that this innovation will continue with the four new branch libraries expected to open in 2007-08. These 4 branches, Mentone, Highland, Fontana and Loma Linda will add 100,000 square feet of additional space for County Library customers.

The Library's 2007-08 budget was developed with the following provisions:

1. Mentone Branch Library/Senior Center is expected to open to the public in August 2007.
2. Highland Branch Library is expected to open to the public at a new, much larger facility in October 2007.
3. Fontana Branch Library is expected to open to the public at a new, much larger facility in April 2008.
4. Loma Linda Branch Library is expected to open to the public at its expanded facility in the spring of 2008.

Salaries and benefits of \$11,298,657 fund 251.3 positions. Of the \$1,274,056 increase in 2007-08, approximately \$325,000 reflects costs incurred resulting from MOU and retirement rate adjustments. The department is also significantly reducing its vacancy factor for the upcoming year from 13.3 to 5.5 budgeted staffing due to fewer than anticipated vacancies in the professional positions as well as improved hiring practices that should allow the Library to fill vacant positions much sooner. This 7.8 vacancy factor decrease results in

additional appropriation for the Library of approximately \$300,000 in 2007-08. The remaining 17.3 increase in FTE positions and the corresponding \$650,000 increase in cost reflects the following:

- 8.2 positions for the new Fontana Branch, which includes three Librarian I positions.
- 2.4 positions for the new Highland Branch, which includes one Librarian III and one Librarian I.
- 2.0 positions for the Hesperia Branch due to increased workload demands.
- 1.5 positions for the new Mentone Branch.
- 1.0 position for the Joshua Tree Branch due to workload increases.
- 2.2 positions at various branch locations due to workload demands, including partial year funding for a Librarian I to assist with the opening of the Chino Preserve joint-use library scheduled for 2008-09 and an Automated Systems Technician to help manage the growing number of computers in the library system.

Services and supplies of \$6,591,900 are primarily budgeted for the cost of operating the branch libraries. This amount includes such costs as utilities, maintenance, custodial services, COWCAP charges, computer hardware/software purchases, and furniture. Also included in this amount is \$338,000 for the conversion of barcode technology to Radio Frequency Identification (RFID) technology at five branch libraries, as well as \$2,200,000 for the purchase of library materials. The additional \$628,493 budgeted for 2007-08 includes increases in inflation, Risk Management insurance liabilities, and COWCAP charges.

Other charges of \$178,251 reflect loan payments pertaining to the Apple Valley and Wrightwood library facilities.

Land and improvements are not expected to incur any cost for the upcoming budget year, which represents a \$25,000 decrease from the prior year.

Equipment of \$102,000 is for two self check-out systems, various server and network upgrade equipment, and audio/visual items.

Transfers of \$505,881 mainly represent the rent/lease costs of occupying non-county owned buildings.

Reimbursements of \$356,266 include anticipated amounts from the Auditor/Controller-Recorder for recorder services provided in branch locations, and from the Human Services Group for use of the Library administration-building basement.

Operating transfers out of \$200,000 are budgeted to reimburse the Capital Improvement Fund for the cost of replacing the HVAC system at the Yucaipa Branch Library.

Taxes of \$13,625,300 reflect an increase of \$1,697,075. This budgeted amount represents a 10.6% increase from the actual amount of property tax revenue received in 2006-07.

State, federal and other governmental aid of \$1,304,809 represents funding from the State Public Library Fund and other state grants for literacy programs.

Current services totaling \$1,407,600 include revenues from fines, fees, and the rental of videos. The \$40,000 increase is due to a \$192,000 increase in the Friends of the Library sales that are held on consignment at various branches, partially offset by the removal of \$152,000 pertaining to four months of transitional services provided for the City of Victorville during 2006-07.

Other revenue of \$317,800 consists of federal e-rate reimbursements, contributions from the Friends groups, and miscellaneous revenues/grants. The \$219,600 decrease is resulting from the removal of a one-time \$100,000 contribution from the City of Victorville for book purchases when the branch was transferred out of the county system; decrease of federal e-rate telecommunication reimbursement of \$96,000 due to a change in accounting methodology in receiving reimbursements on billing statements rather than lump sum payments; and a \$23,600 decrease in other grants that are not expected to be received in the coming fiscal year.

Operating transfers in of \$1,099,850 include the following support from the county general fund:

- \$338,000 to convert library collections/circulation equipment from barcode to RFID at five branches.
- \$500,000 of ongoing support to enhance the Library's annual book/materials budget.
- \$261,850 of ongoing support for costs related to additional hours of operation.

PERFORMANCE MEASURES

Percentage increase in the number of exchanges of resources between library systems (184,303 in 2005-06).	10% (203,000)	14% (210,000)	4% (211,000)
Amount of fees collected through electronic payments (started collecting in 2006-07 with an estimated \$50,000 in collections).	\$200,000	\$6,431	\$100,000
Number of items circulated via self-support (started this service in 2006-07 with an estimated 75,000 items).	100,000	83,000	200,000

The Library's 11% increase in square feet of space available during 2006-07 is less than originally projected due to construction delays postponing opening of the new Highland branch until 2007-08.

The Department did not achieve \$200,000 in fees collected through elections payments during 2006-07 due to delays in implementing the PayPal payment option.

COUNTY MUSEUM

Robert McKernan

MISSION STATEMENT

The mission of the San Bernardino County Museum is to develop and maintain unique cultural and natural science collections related to the region and the greater Southwest. Through responsible collection, preservation, exhibition, and education, the County Museum inspires the public to a deeper understanding of their cultural and natural history.

STRATEGIC GOALS

1. Enhance public awareness of museum services/programs and increase accessibility to museum collections.
2. Expansion and refurbishment of the museum's main facility in Redlands.

County Museum

DESCRIPTION OF MAJOR SERVICES

The Museum provides cultural and educational programs and activities for the public at its main facility in Redlands and the following seven regional sites: Agua Mansa Cemetery in Colton, Casa de Rancho Cucamonga (John Rains House) in Rancho Cucamonga, Daggett Stone Hotel in Barstow, Asistencia Mission in Redlands, Mousley Museum of Natural History in Yucaipa, Yorba-Slaughter Families Adobe in Chino, and Yucaipa Adobe. These programs and activities involve the preservation of cultural and natural heritage collections, display of permanent and special exhibitions, and care and preservation of historical sites depicting the history and culture of San Bernardino County and the greater southwest region. Museum programs (including school programs, research symposiums, museum internships, special events, and guest lecture series) promote learning and awareness through community outreach, partnerships with educational institutions, and research that enhances both the collections and educational services. Approximately 2.0 million permanent and loaned collections are preserved for the benefit of the public and the scientific community. The County Museum has been accredited from the American Association of Museums since February 23, 1973. In 2002, the Museum received its decennial accreditation that will continue through 2012.

The Museum is comprised of the following divisions: Education, Exhibitions, Anthropology, History/Archives, Biological Science, and Geological Sciences. All divisions provide educational services for families, general public, school groups, educators, and scholars at the main Museum facility and historic sites. In addition, the Biological Science and the Geological Sciences divisions conduct scientific field research and studies for public and private agencies. This field research results in valuable collections being accessioned into the museum collections that are curated and exhibited for public education at the main facility and historic sites.

Budgeted Staffing					52.7	51.6	(1.1)

Salaries and benefits of \$3,051,930 fund 51.6 positions. The \$25,386 decrease is the result of a net deletion of 1.1 in budgeted staff, partially offset by MOU and retirement rate increases.

Services and supplies of \$686,315 primarily include the cost of conducting biological and geological research projects; maintenance and insurance for the Museum's main facility/historic sites; and advertising of Museum programs/activities. The decrease of \$202,848 reflects a reduction in Institute of Museum and Library Services (IMLS) funded projects completed in 2006-07, as well as moving the cost of off-site storage for exhibit/educational materials to the transfers category.

No equipment purchases are anticipated in 2007-08.

Transfers of \$132,989 mainly reflect the Museum's cost of off-site storage.

Use of money and property of \$59,000 reflects revenue associated with the rental of Museum facilities for weddings, receptions, and other special events.

Current services of \$1,470,300 primarily consist of revenues resulting from biological and geological field research projects. The \$24,651 increase represents a small increase in the number of projects anticipated in 2007-08.

Other revenue of \$191,900 consists of grant revenues, funds from the Archaeological Information Center, and contributions/donations from private sources. The significant decrease of \$243,200 reflects reduced funds anticipated from the IMLS for the web module project.

Operating transfers of \$30,000 are budgeted from the Museum Store and Special Projects Fund to assist with financing Museum operations.

PERFORMANCE MEASURES			
Description of Performance Measure	2006-07 Projected	2006-07 Actual	2007-08 Projected

Percentage increase of attendees at gallery/lecture programs (800 attendees in 2005-06; 1,034 attendees in 2006-07).	New	29%	25%

The preceding performance measures demonstrate the department's emphasis on increasing public awareness of museum services/programs and accessibility of museum collections. Public awareness of museum services and programs is paramount for the people of San Bernardino County and the surrounding region to gain a greater appreciation and understanding of the area's cultural and natural heritage, while increasing public accessibility to museum collection artifacts will strengthen the visitor experience.

The department did not achieve its goal of a 20% increase in the number of objects/artifacts accessible to the public primarily due to a delay in purchasing an additional compact storage unit for the Museum's History Division. With this unit now purchased and installed, the department projects a 20% increase in objects/artifacts for 2007-08.

Museum Store

DESCRIPTION OF MAJOR SERVICES

The Museum Store operates as an enterprise fund under the management of the San Bernardino County Museum. The Store is considered a critical part of the visitor experience and provides many museum related items for sale including books and publications, educational toys, thematic novelty items for exhibitions, jewelry, minerals, and souvenirs. The store supports the Museum operations and makes an annual financial contribution to the Museum.

In 2003-04, the Museum Store opened a Garden Café offering sandwiches, snack products, pastries, and bottled beverages for Museum visitors. This café helps to enhance the visitor experience and satisfaction.

Salaries and benefits of \$64,209 fund budgeted staffing of 2.0 positions.

Services and supplies of \$27,524 consist primarily of purchase of the store's inventory. The \$13,926 decrease is due to an anticipated reduction in sales activity.

Operating transfers out of \$5,000 are to the County Museum's general fund budget unit to assist with financing operations. The \$25,000 decrease is a reflection of the store's reduced sales revenue anticipated in 2007-08.

Other revenue of \$100,000 represents sales of inventory. The \$33,000 decrease projected in 2007-08 is based on reduced sales revenue in 2006-07.

FACILITIES MANAGEMENT

David S. Gibson

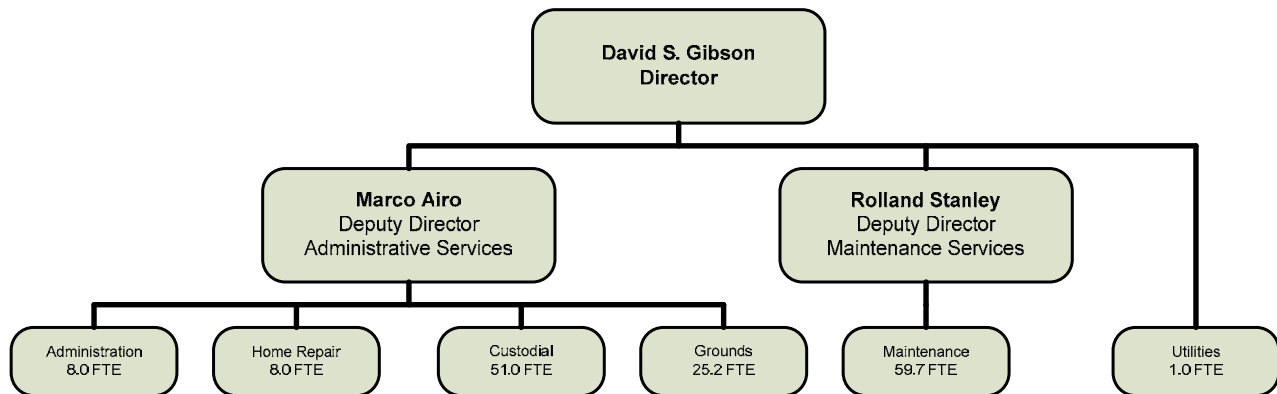

MISSION STATEMENT

The mission of the Facilities Management Department is to serve the public by providing quality custodial, grounds, and maintenance services that will enable county departments and staff to effectively meet the expectations of their customers.

STRATEGIC GOALS

1. Improve business practices to enhance customer service and increase staff efficiency.
2. Provide thorough preventive maintenance inspections and reports on county-owned facilities to ensure a safe and healthy work environment.

Facilities Management

DESCRIPTION OF MAJOR SERVICES

The mission of the Facilities Management Department is to serve the public by providing quality services and enabling county departments and staff to effectively meet the expectations of their customers. This mission is implemented through services provided by the Custodial, Grounds, Maintenance, and Home Repair divisions. The focus of each of these divisions is to ensure a clean, safe, and well-maintained environment for county customers and employees.

Salaries and benefits of \$10,107,672 fund 154.9 positions, which is an increase of \$369,331 and 1.5 budgeted staffing. Appropriation adjustments reflect various staffing changes, MOU and retirement rate adjustments, and increased workers' compensation charges.

Budgeted staffing adjustments are as follows:

- In the Custodial Division, 1.0 Custodian I is added at a cost of \$43,983 to provide additional service in response to customer requests. The cost of this position will be fully offset by reimbursements.
- In the Maintenance Division, staffing is increased by a net of 0.5 budgeted staffing, which includes the addition of 1.0 Maintenance Supervisor at a cost of \$88,428 to supervise Building Plant Operators. This is part of an initiative to increase staff efficiency and improve customer service by dividing the heating, ventilating, and air conditioning (HVAC) crew and the Building Plant Operators into two distinct workgroups, each with its own supervisor. This is offset by an adjustment of 0.5 to the division's vacancy factor to more accurately reflect turnover.

Services and supplies of \$7,593,357 includes \$1.3 million for contract custodial services, \$0.5 million for contract grounds services, \$4.0 million for costs related to building maintenance. The budget increased by \$367,277 because the department will begin maintaining the County-owned building at 303 West Third Street in San Bernardino (303 Building) and due to increased customer requests for service. Costs for the 303 Building will be partially offset by revenue to be received from the Superior Courts.

Equipment of \$55,100 reflects an increase of \$12,100 to purchase various fixed assets including a riding mower and a tractor plus two trailers, a thermal imager, and a camera and monitor snake.

There are no vehicle purchases requested in 2007-08.

Transfers from the department's operating divisions to the Administrative Division are increased by \$303,038. The Board of Supervisors approved these costs as 2007-08 final budget changes to enable the department to better perform its core functions by reassigning administrative and office processes away from staff that are needed in the field.

Reimbursements of \$4,363,906 are from other general fund departments for special custodial, grounds, and maintenance service requests. The increase of \$2,784,897 includes reimbursement of \$564,352 for expenditures not attributable to local cost and the aforementioned transfers. The balance of the increase, which totals \$2,220,545, is due to an accounting change to appropriately recognize this income.

Departmental revenue of \$4,827,546 is primarily from non-general fund departments for special custodial, grounds, and maintenance service requests. The decrease of \$2,073,070 is primarily due to certain revenues now reclassified as reimbursements in accordance with GASB 34. In addition, operating transfers in of \$1.0 million is reclassified as current services revenue.

Utilities

DESCRIPTION OF MAJOR SERVICES

The county's utility budget funds the cost of electricity, natural gas, water, sewage, refuse disposal, diesel fuel for emergency generators, and other related costs for county-owned and some leased facilities.

Salaries and benefits of \$87,523 fund 1.0 position, step increases, MOU, and retirement rate adjustments.

Services and supplies of \$16,156,343 fund the utility costs. The decrease of \$184,206 is primarily due to the transfer of the Big Bear and Central Courthouses from the county to the state, shifting payment of the utility bills to the Administrative Office of the Courts (AOC).

Transfers of \$1,403,548 include \$470,000 for the bond payments related to a Gilbert Street Complex heating, ventilating, and air conditioning (HVAC) project completed in 1997. In addition, \$800,000 involves a reclassification from utilities expenditures to reimburse the AOC for the county's share of the utilities cost for the two courthouses transferred to the state. The balance, including an increase of \$12,952, is due to the allocation of administrative overhead costs to the Facilities Management Administrative division.

Reimbursements and revenue totaling \$668,027, which increased by \$52,684 and \$11,688 respectively, are charges for utility costs passed to customers and third parties that occupy county-owned space.

FLEET MANAGEMENT

Roger Weaver

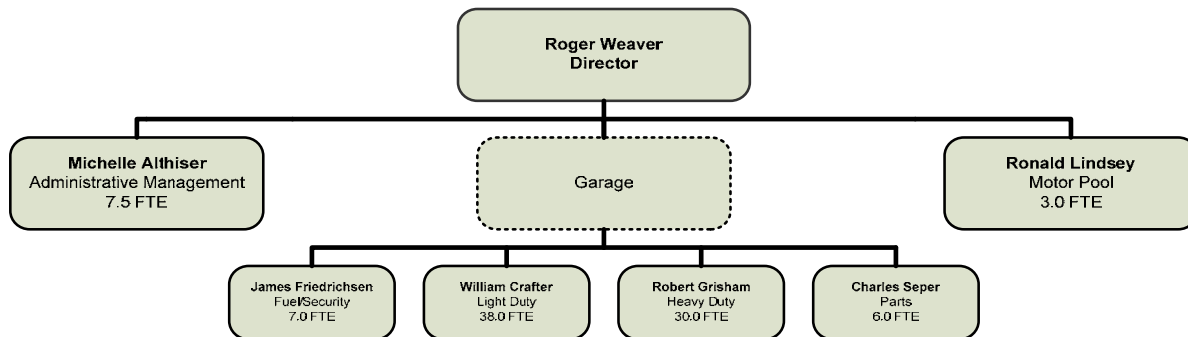

MISSION STATEMENT

The Fleet Management Department provides vehicles, equipment, and related maintenance and repair services to the officials and employees of the county so that they may, in turn, provide services that promote health, safety, well being, and quality of life to the residents of the county.

STRATEGIC GOALS

1. Maintain current high levels of customer service and user satisfaction.
2. Decrease vehicle downtime for preventive maintenance and routine repairs, which will enable county departments to provide their services to county residents in the most efficient manner possible.
3. Reduce overall motor pool vehicle emissions to help improve the air quality in San Bernardino County.

Garage

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Garage Division provides fuel, maintenance, repair, fabrication and emergency field services for the county's fleet of vehicles and heavy equipment.

The Garage budget unit is an internal services fund (ISF). All operational costs of the Garage Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to provide working capital, finance the replacement of fixed assets, and fund capital improvements. Any excess/shortage is incorporated into the rate structure during the annual rate review process.

In 2006-07, actual appropriation was less than the modified budget because the average fuel cost throughout the year was less than budgeted. These savings are partially offset by inflationary cost increases for parts and sublet services. Transfers were more than the modified budget due to increased costs paid to Motor Pool. This increase occurred because in 2006-07 new service vehicles needed to continue providing emergency vehicle repairs in remote locations were purchased and assigned to the Garage.

Salaries and benefits of \$7,551,792 fund 94.5 positions, which is an increase of \$570,314 and 2.5 budgeted staffing. Appropriation adjustments reflect increased workers' compensation charges, MOU and retirement rate adjustments, as well as a 2.5 budgeted staffing adjustment in the department's distributed vacancy factor.

Services and supplies of \$13,076,502 include \$8.2 million for the purchase of fuel and \$2.7 million for the purchase of automotive parts. The increase of \$641,765 is due to rising COWCAP charges and Risk Management liability costs as well as inflationary adjustments for gasoline, parts and sublet services.

Transfers of \$864,993 are for intra-department charges between the various Garage cost centers. The increase of \$254,686 is due to increased costs for salaries and benefits, gasoline, and automotive parts.

Reimbursements of \$8,021,100 are primarily received from the Motor Pool for fuel, maintenance and repairs, and allocated department overhead. The balance of reimbursements is for intra-department charges between the various Garage cost centers. The increase of \$925,677 is due mainly to Board of Supervisors-approved rate adjustments for Garage services and mark-ups, which were needed to cover projected MOU and other inflationary cost increases.

Current services revenue of \$13,530,052 is from maintenance and repair services as well as the sale of gasoline. The increase of \$1,130,204 is due to Board of Supervisors-approved rate adjustments for Garage services and mark-ups, which were needed to cover projected MOU and other inflationary cost increases.

The fixed assets budget decreased a net total of \$143,500. The budget for improvements to structures is decreased by \$175,000 because the 2006-07 budget includes one-time funding for a Capital Improvement Program (CIP) project to remove underground fuel tanks and install above ground tanks at the Barstow Road Yard. The budget for equipment increased by \$31,500 to enable the purchase of equipment for the new Victor Valley Service Center, which was approved by the County Administrative Office as CIP request No. 07-335.

Motor Pool

DESCRIPTION OF MAJOR SERVICES

Fleet Management's Motor Pool Division has ownership and/or maintenance responsibility for approximately 1,700 automobiles, vans, pick-up trucks and various specialty vehicles assigned to county departments. Motor Pool coordinates the collection and distribution of vehicle replacement, fuel, maintenance, insurance, overhead and other operational costs of fleet vehicles.

The Motor Pool budget unit is an internal service fund (ISF). All operational costs of the Motor Pool Division are financed through Board-approved rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year to provide working capital, finance the replacement of fixed assets, and fund capital improvements. Any excess/shortage is incorporated into the rate structure during the annual rate review process.

In 2006-07, services and supplies appropriation was more than the modified budget due primarily to the installation of global positioning system (GPS) units in Motor Pool vehicles.

Revenue variances are due to timing issues in the 2006-07 budgeting process. The 2006-07 final budget was adopted before Fleet Management's 2006-07 rates were approved. Upon approval, Motor Pool rates increased to adequately fund the vehicle replacement reserve and to provide sufficient operating revenue to pay for rising fuel and maintenance costs. Due to the aforementioned timing issue, the Motor Pool revenue budget had to be created using prior year rates and, therefore, was understated.

Salaries and benefits of \$228,896 fund 4.0 positions and increase by \$12,187 to reflect increased workers' compensation charges, MOU, and retirement rate adjustments.

Services and supplies of \$999,968 include \$485,000 for risk management charges, \$125,000 for COWCAP charges, \$67,000 for the purchase of GPS units for existing motor pool vehicles, and \$69,000 to implement a program to install new decals and logos on county vehicles to improve public relations, safety and awareness. The increase of \$607,335 is due mainly to rising costs for liability insurance and COWCAP charges.

Transfers of \$7,470,556 are payments to the Garage budget unit for gasoline, maintenance, and repair costs for Motor Pool vehicles. The increase of \$566,440 is due mainly to rising fuel costs.

Reimbursements of \$280,500 include reimbursements from other county departments for vehicle purchases. The increase of \$154,349 is due to additional vehicles purchased for and used by the Garage.

Revenue increased by \$3,443,612. Interest revenue increased \$75,000 due to a higher than expected cash balance. Current services and other revenues increase a combined total of \$2,998,612 due to inflationary motor pool rate adjustments in 2006-07 and 2007-08. The 2006-07 final budget was adopted before Fleet Management's 2006-07 rates were approved by the Board. Due to this timing issue, these revenue increases reflect adjustments for 2006-07 and 2007-08. Revenue from other financing sources increased \$370,000 because gains on the sale of surplus county vehicles are higher. This can be attributed, in part, to the effectiveness of replacement policies recently implemented.

The budget for vehicle purchases is increasing by \$600,000 because based on the vehicle replacement policy, the number of vehicles to be purchased in 2007-08 will increase. These purchases will also increase the number of Motor Pool vehicles classified as ultra low emission vehicles (ULEV).

LAND USE SERVICES

Julie Rynerson Rock

MISSION STATEMENT

The Land Use Services Department (LUSD) is dedicated to ensuring a balance in the areas of housing, business, and recreational needs for the diverse cultures and communities of San Bernardino County. This is accomplished through comprehensive regional planning and enforcement of building standards, land uses, and environmental impacts.

STRATEGIC GOALS

1. Current Planning: Decrease the processing time for "applications accepted" as complete or return to applicant within 30 days as required by the Development Code.
2. Advance Planning: Decrease processing times for mining applications or reclamation permits.
3. Building and Safety: Decrease the processing time for plan review services to the adopted service standards of residential - 10 working days; subdivisions and multi-residential - 20 working days; and grading and non residential - 30 working days.
4. Code Enforcement: Increase the number of initial inspections performed with three weeks of receiving complaint.
5. Fire Hazard Abatement: Increase the number of abatements performed within five weeks of Non-Compliant Final Notice (NCFN).

Budgeted Staffing					11.0	12.0	1.0

Salaries and benefits of \$1,059,156 will fund 12.0 positions, which is an increase of \$127,810 and 1.0 position. Appropriation adjustments reflect increased workers' compensation charges, MOU and retirement rate adjustments. Also, a budgeted staffing adjustment to add 1.0 Automated Systems Analyst I at a cost of \$69,233 is budgeted to assist in the administration of the department's local area network (LAN), server maintenance, and departmental software systems. Since 2001, the number of departmental computers and servers has grown 65% and it is becoming increasingly difficult for current staff to maintain the department's computer systems and equipment without additional help.

Services and supplies of \$1,148,837 include \$679,000 for COWCAP and \$261,000 for computer-related expenses. The increase of \$292,819 is due primarily to COWCAP charges, which increased \$241,885.

The equipment budget is deleted, as there are no equipment purchases planned in 2007-08.

Transfers increase by \$81 to reflect cost adjustments for the EHAP program.

All expenditures in this budget unit, totaling \$2,245,820, are fully reimbursed from the department's operational budgets, which results in a budget increase of \$420,274 for reimbursements.

Current Planning

DESCRIPTION OF MAJOR SERVICES

The Current Planning Division reviews all land use applications for compliance with county codes and environmental laws and administers short-term implementing measures for land use, housing, and community design. In addition, professional staff assistance is provided to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances.

In 2006-07, appropriation was less than the modified budget due primarily to vacant Planner positions. These vacancies were the result of the retirement of long-term employees as well as recruitment and retention issues. Departmental revenue was also less than the modified budget due to the reduced amount of billable hours.

Salaries and benefits of \$2,665,403 fund 34.0 positions, which is an increase of \$106,832 and 1.0 position. Appropriation adjustments reflect workers' compensation, MOU, and retirement rate adjustments. Also, a budgeted staffing adjustment to add 1.0 Land Use Technician II at a cost of \$73,925 is budgeted to provide appropriate-level assistance to Planners on large projects.

Services and supplies of \$378,562 include \$153,000 for COWCAP charges and \$125,000 for professional and consulting services. The increase of \$41,550 is due to increased COWCAP charges.

The vehicles budget is eliminated because the 2006-07 budget included a one-time purchase.

Transfers of \$340,447 include \$291,000 for allocated departmental overhead. The increase of \$25,284 is due to increased rent costs for the Victorville office, which are paid from the Rents budget.

Current services revenue of \$3,406,036 is from the provision of planning services. The increase of \$152,846 is due to Board-approved adjustments to the fee ordinance.

Advance Planning

DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division prepares short and long-range plans for the development of the county and the conservation of its resources, including the county general plan and various specific plans. In addition, this division is responsible for inspections of mining facilities and mine reclamation plans, and provides professional staff assistance to the Planning Commission and Board of Supervisors for the formation and implementation of plans and ordinances. This division prepares the county general plan every ten to fifteen years. The General Plan Update was approved by the Board on March 13, 2007.

Salaries and benefits of \$1,689,564 fund 18.0 positions, which is an increase of \$60,210. Appropriation adjustments reflect increased workers' compensation charges as well as MOU and retirement rate adjustments.

Approximately 80% (\$1,785,071) of services and supplies costs of \$2,251,259 are budgeted for contract services related to the completion of various environmental impact reports. These costs are fully paid by the applicant through fees as included in the County's fee ordinance. Additionally, \$320,000 is included for costs related to the completion of various commercial area and community plans.

Transfers of \$163,097, which reflects a decrease of \$32,729, are primarily for the allocation of departmental administrative costs.

Reimbursements of \$60,324 are from other general fund departments for services provided. There is a decrease of \$70,280 because the General Plan was adopted by the Board on March 13, 2007 and, therefore, funding from the General Plan Update special revenue fund is no longer appropriate.

Current services revenue of \$2,321,829 is received primarily for the provision of planning services and the preparation of environmental impact reports. The increase of \$41,691 is due to Board-approved adjustments to the fee ordinance.

Building and Safety

DESCRIPTION OF MAJOR SERVICES

The Building and Safety Division administers construction and occupancy standards to safeguard life, health, and property in the interest of the general public's welfare throughout the unincorporated areas of the county. This is accomplished by applying county ordinances and state laws, and through the inspection of construction, alteration, moving, demolition, repair, occupancy, and use of buildings and structures.

In 2006-07, salaries and benefits were \$873,000 less than the modified budget due to position vacancies. These vacancies were the result of several retirements of long-term employees as well as recruitment and retention issues. Services and supplies were also less than the modified budget due primarily to lower than anticipated mileage and fleet costs. Vehicle purchase costs were \$40,000 less than budgeted. These savings are offset by reduced permit revenues.

Appropriation adjustments reflect various staffing changes, increased workers' compensation charges as well as MOU and retirement rate adjustments. Budgeted staffing is changed as follows:

- On November 6, 2006, the Board approved the addition of 1.0 Land Use Technician II to provide initial permit issuance services at the Yucca Valley office to ensure the continuation of quality customer service at this location.
- The addition of 2.0 Public Service Employees (PSE) to enable the division to hire extra help employees while recruitment efforts for regular clerical employees is ongoing, and to provide assistance during peak workload periods.

Services and supplies of \$1,440,566 include \$244,000 for COWCAP charges, \$300,000 for contracted services, and \$305,000 for vehicle charges. The increase of \$17,009 is due primarily to increased COWCAP charges.

There are no vehicle purchases planned in 2007-08.

Transfers of \$1,537,143, which is an increase of \$271,775, is primarily for allocated departmental overhead.

Permit, current service, and other revenues totaling \$10,218,677 are increased by a total of \$347,682 based on the expected demand for services and will fully offset projected expenditures.

In 2006-07, appropriation was \$35,000 less than the modified budget due primarily to lower than anticipated service needs for rehabilitation and demolition of substandard buildings. Offsetting reimbursements related to rehabilitation and demolition services were less than expected. Departmental revenue related to enforcement of the Short Term Rental Ordinance was less than expected due to time requirements for program start up.

Budgeted Staffing					40.0	41.0	1.0

Salaries and benefits of \$3,389,306 will fund 41.0 positions, which is an increase of \$217,048. This includes the addition of 1.0 FTE for a Code Enforcement Officer III. Appropriation adjustments reflect increased workers' compensation charges as well as MOU and retirement rate adjustments.

Services and supplies of \$2,036,223 include \$876,000 for contract abatement services and \$282,000 for vehicle charges. The increase of \$245,962 is due primarily to the enhanced enforcement of the Off-Highway Vehicle ordinance that became effective July 1, 2006.

Transfers of \$740,841, including an increase of \$466,536, are for costs paid to County Counsel and allocated departmental overhead.

Reimbursements of \$1,077,546 are from non-general fund departments primarily for blight, litter, and graffiti abatement. The increase of \$200,099 is due, in part, to the reclassification of \$59,230 of other financing sources. The remaining increase is due to the provision of more reimbursable blight abatement and demolition services.

Departmental revenue of \$560,300 is primarily for licenses and permits. The decrease of \$207,230 includes \$150,000 due to the cancellation of the California Integrated Waste Management Board Grant and \$59,230 due to the accounting reclassification detailed above.

Fire Hazard Abatement

DESCRIPTION OF MAJOR SERVICES

Through the Fire Hazard Abatement program, the Code Enforcement Division enforces the county's Fire and Hazardous Trees Ordinance in unincorporated portions of the county, as well as under contract to certain cities and fire districts. These services include inspections, notifications to property owners, and removal of hazards caused by vegetation and flammable debris.

Salaries and benefits of \$1,489,219 will fund 22.0 positions, which is an increase of \$91,135. Appropriation adjustments reflect increased workers' compensation charges, as well as MOU and retirement rate adjustments.

Services and supplies of \$1,176,244 include \$735,000 for contracted abatement services and \$155,000 for vehicle services. The increase of \$120,747 is due to an expected rise in the need for contract abatement services. The cost of these services will be fully offset by current services revenue, which is paid by contracting agencies or property owners.

There are no vehicle purchases planned in 2007-08.

Transfers of \$182,643, including an increase of \$63,686, are for allocated departmental overhead.

Current services revenue of \$2,167,674 is from contracting agencies and property owners and is increased to fully offset the appropriation adjustments detailed above.

General Plan Update

DESCRIPTION OF MAJOR SERVICES

The Advance Planning Division updates the county General Plan every ten to fifteen years. This special revenue fund was created in 2002-03 to track the actual cost of the update process. The current General Plan Update was approved by the Board on March 13, 2007.

There is no staffing associated with this budget unit.

PUBLIC WORKS

Vana R. Olson

MISSION STATEMENT

The mission of the Department of Public Works is to provide a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibility include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and county surveyor functions.

STRATEGIC GOALS

1. *Surveyor Function* – Provide timely map and plan check services for customers to allow the pace of development to proceed in a controlled and opportune manner.
2. *Transportation Division* – Maintain the level of safety and maintenance for county maintained roads to help ensure the motoring public's well being.
3. *Solid Waste Management Division* – Improve the efficiency of landfill space utilization to more effectively meet the public's future capacity needs.
4. *Flood Control District* – Increase groundwater recharge services at flood control district facilities in support of maintaining adequate water supplies for the people of San Bernardino County.

Surveyor

DESCRIPTION OF MAJOR SERVICES

The function of the County Surveyor is to review subdivision maps as prescribed by state law, prepare legal descriptions and maps for other county departments, assist the public in matters relating to land boundaries, and ensure that sound surveying is used in the preparation of maps and plans for project development within the county. The Surveyor ensures these maps and plans conform to the conditions of approval, local ordinances, standards for development, and state laws. Field crews perform boundary and construction surveys for other county departments and are responsible for perpetuation of controlling survey monuments.

Salaries and benefits of \$3,713,264 fund 42.6 positions. The \$223,680 increase in 2007-08 reflects the following:

- \$177,370 for costs related to MOU, retirement, workers' compensation, and step advancement increases.
- \$16,690 for the addition of 0.7 extra-help Public Service Employee to log in records of surveys and to help maintain an appropriate level of service at the Surveyor's public counter.
- \$29,620 in termination benefits for an Engineering Technician V expected to retire in 2007-08.

Services and supplies of \$1,549,059 include the cost of private land surveying firms, computer software/hardware upgrades, application development, safety equipment, vehicle charges and employee training. The considerable increase of \$829,186 is primarily the result of an additional \$730,000 anticipated for the use of private land surveying firms. Proposition 1B, which was approved by the voters in November 2006, will provide the county with approximately \$15,000,000 in 2007-08 for a variety of road projects - primarily rehabs, drainage improvements and major overlays. All of these projects will require survey work. Due to the significant number of projects anticipated, the Surveyor expects to utilize the services of land surveying firms to help manage its increased workload demands.

Equipment of \$112,200 has been budgeted in fiscal year 2007-08 to purchase the following items:

- \$55,000 for a Global Positioning System RTK unit to search for survey monument markers prior to the start of county construction projects to avoid marker destruction. This equipment would reduce costs associated with private property retracements that would cost the county more than the cost of the unit.
- \$35,500 for a Total Station robotic instrument to replace older, obsolete instruments and increase productivity.
- \$9,000 for a color plotter to replace an obsolete color plotter that is beyond economical repair.
- \$7,500 for a scanner needed for the management and imaging of 11 x 17 documents.
- \$5,200 for a color printer needed in order to print 11 x 17 documents to convey GIS information and to print working maps used in conjunction with the Parcel Basemap project. Also, the printer would be used to produce color aerial photos for inclusion in job folders to aid field crews.

Transfers of \$102,979 represent reimbursements for Human Resources, payroll and computer services costs.

Reimbursements of \$109,540 are anticipated from the department's Transportation division for utilizing the Surveyor's services. The additional \$4,876 is needed to offset MOU increases in accordance with an agreement between the two divisions.

Current services revenues of \$5,042,271 are primarily from fees charged to customers for the review of subdivision maps, preparation of legal descriptions/maps, and for field surveys. The \$898,789 increase is comprised mainly of the following items:

- \$730,000 from customers to recover the cost of utilizing private land surveying firms for services relating to map reviews and surveys.
- \$130,904 to maintain current levels of service.
- \$21,311 in additional requests for field surveys.
- \$28,345 from the Survey Monument Preservation Fund for performing more retracement and/or re-monument surveys.
- \$17,621 decrease in revenue related to the review of subdivision maps based upon current year-end estimates.

Other revenue of \$90,000 reflects taxable sales of map updates on microfilm or CD, microfiche prints, plotter prints, electronic map images and photocopies.

PERFORMANCE MEASURES			
Description of Performance Measure	2006-07 Projected	2006-07 Actual	2007-08 Projected
Percentage of parcel maps completed within 70 working days during 2006-07 and 65 working days during 2007-08.	100%	100%	100%

Percentage of final maps completed within 40 working days during 2006-07 and 35 working days during 2007-08.	100%	100%	100%

The above performance measures demonstrate the Surveyor's emphasis of providing efficient map and plan checking services that are crucial for the pace of development in this county. This function is necessary for development to proceed in a controlled manner and is mandated by either state laws or internal county standards. For 2006-07, the Surveyor did not achieve its projected goals concerning record of surveys and corner records due to recruitment/retention issues impacting certain budgeted positions.

Survey Monument Preservation

DESCRIPTION OF MAJOR SERVICES

The Survey Monument Preservation Fund was established to account for expenses incurred related to the retracement or re-monument surveys of major historical land division lines, upon which later surveys are based. These include, but are not limited to, surveys of government section lines, rancho section lines, acreage subdivision lot lines, and subdivision boundary lines. The services related to this fund are financed by a \$10 fee charged to the public for filing or recording specific types of grant deeds conveying real property.

There is no staffing associated with this budget unit.

Services and supplies of \$513,854 represents the availability of funds to pay the Surveyor for services specifically relating to retracement or re-monument surveys. The \$16,996 decrease in budget is based upon decreased departmental revenue.

Current services revenue of \$91,509 represents a \$43,923 decrease from the 2006-07 budget due to the reduced activity related to the conveyance of real property that has been occurring.

Transportation – Road Operations

DESCRIPTION OF MAJOR SERVICES

The Transportation Division is responsible for the operation, maintenance, and improvement of the county's road system that currently includes approximately 2,822 miles of roadways. Additional activities include administration, planning, design, construction, and traffic operations.

The division's routine maintenance activities include patching and crack filling on approximately 7,500 lane-miles of asphalt pavement, grading of 533 miles of unpaved roads, shoulder maintenance, snowplowing of over 300 miles of mountain roads, traffic signal maintenance at 56 intersections, roadside weed abatement in urban areas, traffic sign and pavement striping maintenance throughout the system, storm repairs and cleanup, maintenance of 380 bridges and thousands of concrete box and metal pipe culverts, as well as maintenance of drainage facilities such as inlets, ditches, dikes, and gutters. Maintenance functions are provided through 13 yard districts with regional facilities located to best serve the 20,000 square-mile area of the county.

Road activities are funded almost entirely from highway-user sources. These sources consist primarily of state and federal fuel taxes, voter-approved state transportation infrastructure bond (Proposition 1B), local transportation funds generated by sales tax revenues (Measure I), and development impact fees (the department has established nine local and one regional transportation fee plan areas throughout the county to collect funds for the purpose of mitigating the impacts of new development). Construction of major improvements (such as new roads, bridges, or adding of lanes) is limited to a few projects per year based on available funding.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures for this budget unit are typically much less than budget. The amount not expended in 2006-07 has been re-appropriated in the 2007-08 budget.

APPROPRIATION

Salaries and benefits of \$32,797,258 fund 412.4 positions and are increasing by to \$2,640,877. Of this amount, approximately \$750,000 represents MOU, retirement, and workers' compensation adjustments. The balance of approximately \$1,890,000, as well as the 25.9 increase in budgeted staffing, is primarily a result of the following:

- 5.0 new positions are being added to the Contracts Division due to increased workload caused by additional Proposition 42 and Proposition 1B funding. This unit currently does not have sufficient staff to oversee the number of anticipated construction contracts and therefore must utilize the services of outside engineering firms. Adding these positions at a cost of approximately \$410,000 would reduce the department's reliance on the use of private engineering contractors when the need arises. The 5.0 positions consist of:

- 1.0 Public Works Engineer III
- 2.0 Engineering Technician V's
- 1.0 Engineering Technician IV
- 1.0 Engineering Technician III

- 4.0 new positions are being added for the Design Division due to increased workload caused by additional Proposition 42, Proposition 1B and Development Mitigation Plan funding. The Design Division currently does not have sufficient support staff for its Design, Pavement Management, and Utility Sections for the current and anticipated level of workload. Due to time constraints inherent in some of the funding sources, it is imperative to complete design and construction in a timely manner. The cost of this additional staff of \$300,000 will be offset by increased revenues. These 4.0 positions are as follows:

- 1.0 Engineering Technician IV for the Pavement Management Section.
- 1.0 Engineering Technician IV for the Utility Section.
- 2.0 Engineering Technician IV's for the Design Section.

- 9.0 new positions are for the Operations Division. The increased revenue from Proposition 42, Proposition 1B, and Local Transportation Funds (LTF) has resulted in additional yard chip seal and overlay projects that are administered by the Operations Division. This additional staffing, at a cost of \$525,000, is as follows:

- 1.0 Equipment Operator I and 1.0 Equipment Operator III for the Barstow Yard.
- 1.0 Equipment Operator I for the Desert Crack Seal Team.
- 1.0 Equipment Operator II for the Apple Valley Yard.
- 1.0 Maintenance and Construction Worker I for the Valley Crack Seal Team.
- 2.0 Maintenance and Construction Worker I's as traffic safety flagmen for the Tree Crew.
- 2.0 Maintenance and Construction Supervisor I's for the Big Bear and Crestline road yards due to increased supervisory responsibilities, mandated governmental/environmental regulations, and increased traffic.

- 1.0 Staff Analyst II is to assist the Director with special projects (\$74,000).
- 1.0 Business Systems Analyst I for support of Permits Plus and the Wincams Job Cost Accounting System (\$75,500).
- 1.0 Engineering Technician IV for the Planning Division to assist in the additional mapping and technical skills required to develop the Development Mitigation Plan (DMP) Project List. This new position (\$73,500) will be funded by administrative overhead charges built into the fees charged for each construction permit issued for the DMP.
- 1.0 Engineering Technician IV is for the Victorville Land Development Section (\$73,500) to be financed by Gas Tax funds.
- 1.5 contract positions (1.0 Contract PWG Transportation Engineer approved by the Board of Supervisors on September 26, 2006 and 0.5 Contract PSG Trans Planner approved by the Board of Supervisors on April 3, 2007) are for the Caltrans Contract Team and will perform preliminary design, environmental studies and right-of-way in connection with the east/west high desert corridor. The cost of these positions of \$160,000 is 100% reimbursable from the State of California Department of Transportation.

- 3.0 positions (2.0 Public Works Engineer II's and 1.0 Engineering Services Technician) at a cost of \$270,000 are being transferred into Transportation from the Flood Control District due to workload demands within the Department of Public Works.
- Transfer of 1.0 Public Works Engineer III (\$110,000) to the Flood Control Etiwanda/San Sevaine Project.
- Costs are also increasing by approximately \$10,000 for the following reclassifications:

Engineering Services Technician I to Engineering Technician IV
Supervising Accountant II to Supervising Accountant III.

Services and supplies of \$67,682,810 include professional service contracts for external road construction projects, road materials and vehicle usage related to in-house road maintenance and construction projects, computer hardware/software, insurance charges, general maintenance and office supplies. In previous years, unreserved fund balances were appropriated as services and supplies. A significant portion of these funds (\$7,000,000 in 2007-08) will now be budgeted as contingencies.

Other charges of \$5,894,234 represent contributions to other agencies of \$1,564,234 for projects in Fontana, Needles and Twentynine Palms; debt service payments of \$2,000,000; interest on lease purchases of \$175,000; and right-of-way expenses of \$2,155,000. The \$1,583,252 increase for 2007-08 is primarily due to the repayment of loans received from the County general fund for costs associated with the winter storms of 2004-05 and right-of-way purchases for the Pepper Street at Valley Boulevard intersection realignment project.

Land and improvements are decreasing by approximately \$2.2 million resulting mainly from completion of a right-of-way purchase for the Pepper Street at Valley Boulevard realignment project. The \$838,000 budgeted for 2007-08 includes the following:

\$ 20,000 for security improvements recommended by the Sheriff's Department.
\$105,000 to demolish old houses/office at Yards 3 (West Valley), 11 (Baldy Mesa) and 15 (Needles).
\$250,000 to remodel an office and construct an equipment garage at Yard 4 (Running Springs).
\$128,000 to replace/repair air conditioning, flooring, roofing and install bathrooms at various yards.
\$ 75,000 to install water clarification system at Yard 8 (Blue Jay).
\$ 15,000 to slurry seal parking lots at 825 E. Third Street.
\$ 50,000 to repave Yard 8 (Blue Jay).
\$ 65,000 to install Materials Lab at 825 E. Third Street.
\$130,000 to relocate the Traffic Operations Division to the warehouse vacated by Fleet Management.

Equipment is budgeted at \$937,500 and includes the following:

\$450,000 for 30 new federally mandated diesel exhaust systems.
\$ 25,000 for portable pavement grinder.
\$ 25,000 for portable line striper.
\$ 20,000 for rock screen.
\$ 40,000 for bush chipper trailer (replacement).
\$ 40,000 for stump grinder.
\$ 40,000 for pneumatic roller attachment.
\$ 50,000 for equipment trailer (replacement).
\$ 15,000 for environmental sight quick view.
\$ 40,000 for snow blower attachment (replacement).
\$150,000 for five traffic signal poles at various locations.
\$ 5,000 for airless compressor.
\$ 5,000 for load balancing file server.
\$ 8,000 for scanner.
\$ 15,500 for telescoping drainage video camera.
\$ 9,000 for plotter.

Vehicles are budgeted at \$3,200,000 and includes the following replacement vehicles:

- \$ 550,000 for two motor graders.
- \$1,400,000 for seven dump trucks with various attachments.
- \$ 450,000 for two patch trucks.
- \$ 100,000 for steel wheel roller.
- \$ 100,000 for two asphalt pup roller and trailers.
- \$ 50,000 for ½ ton service truck.
- \$ 70,000 for ½ ton crew cab utility box truck.
- \$ 100,000 for ½ ton service truck with blade and message boards.
- \$ 60,000 for 2 ton pick-up truck with blade and attachments

Also, the department's 2007-08 budget includes the purchase of the following new vehicles:

- \$ 100,000 for backhoe with attachment (eliminates the need for continued rentals).
- \$ 60,000 for ½-ton 4x4 pick up truck.
- \$ 75,000 for three extended cab pick up trucks.
- \$ 55,000 for two SUV's.
- \$ 30,000 for 1-ton van.

Lease purchases are budgeted at \$895,000, which reflects a \$580,000 decrease due primarily to completion of payments on one of the outstanding leases.

Transfers are budgeted at \$1,913,233, which reflects a decrease of \$242,255 principally due to PSSG Administration now charging for its services through COWCAP.

Contingencies of \$7,000,000 represent a portion of the unreserved fund balance that now will be appropriated in this category each fiscal year for future projects. This amount will also be available for unanticipated costs during the year, but would require approval by the Board of Supervisors prior to its use.

Reimbursements are budgeted at \$20,879,230. The two largest sources of reimbursements are \$10,000,000 from other agencies such as Community Development and Housing (CDH), San Bernardino County Redevelopment Agency (RDA) and Measure I funds for joint participation projects, and \$6,000,000 from inter-departmental transfers for equipment and materials usage. The \$3,165,220 increase for fiscal year 2007-08 is mainly the result of additional amounts from the RDA for Cherry Avenue widening (\$2,500,000) and Cherry Avenue at Interstate 10 interchange project (\$2,160,000). This increase is partially offset by a \$1,530,000 reduction in contributions from Measure I funds for completion of the Lake Gregory Walkway project and the San Bernardino Avenue signal synchronization project during 2006-07.

Operating transfers out of \$550,000 reflect the balance of funds originally earmarked in the 2006-07 budget for road projects located in the unincorporated area of the Fourth District. These remaining funds will be transferred to the Economic Development Agency to finance economic development projects in the Fourth District.

DEPARTMENTAL REVENUE

Licenses and permits are budgeted at \$500,000, which is an increase of \$275,000 over the previous year based on anticipated revenue from road permits.

Revenue from use of money and property is budgeted at \$1,252,500, which is an increase of \$792,500 based on anticipated interest earnings from available fund balances.

State, federal and other governmental aid is budgeted at \$64,050,397, which includes \$30,000,000 of state highway users tax; \$15,000,000 of Proposition 1B funds; and \$19,050,397 from various other state and federal sources. The revenue in this category is decreasing due to the completion of reimbursement for several road projects including:

- \$11,000,000 for the Fort Irwin Road realignment project,
- \$ 2,800,000 for the San Bernardino signal synchronization project,
- \$ 1,900,000 for Beaumont Bridge,

- \$ 350,000 for the Crestline Park and Ride,
- \$ 350,000 for the Wabash Avenue signal installation project and
- \$ 300,000 for sidewalk installation on Howard Street in the Montclair area.

The 2007-08 budget also includes a temporary cessation of funding from Proposition 42, which was budgeted last year at \$11,000,000. It is expected that the State will resume Proposition 42 funding in 2008-09. The above decreases will be mostly offset by an additional \$1,000,000 in Gas Tax funds and \$15,000,000 of Proposition 1B funding that the Transportation Division will be receiving for the first time in 2007-08.

Charges for current services are budgeted at \$2,321,760 which is a decrease of \$1,918,257 due primarily to the completion of several participation projects including: \$200,000 for the Lake Gregory walkway; \$925,000 for contributions from Measure I, RDA and CDH toward the San Bernardino Avenue signal synchronization project; \$365,000 for Riverside County's share of the El Rivino Road project; and \$350,000 for City of Hesperia's share of the Mesquite Street paving project.

Other revenue is budgeted at \$1,346,500 in 2007-08, an increase of \$1,025,000 from prior year. This increase is due to the anticipated sale of surplus right-of-way for \$1,000,000 at the intersection of Pepper Avenue at Valley Boulevard in the Colton area.

Other financing sources budgeted at \$105,000 reflect proceeds from the sale of fixed assets. The \$3,295,000 decrease from prior year is primarily due to a \$2.5 million loan in 2006-07 from the County general fund for assistance with the purchase of right-of-way for the Pepper Avenue at Valley Boulevard realignment project, which is not being re-budgeted in 2007-08.

Operating transfers in are decreasing by \$11,128,000 principally due to elimination of contributions from the County general fund to finance several joint participation road projects that are not being re-budgeted in 2007-08.

PERFORMANCE MEASURES			
Description of Performance Measure	2006-07 Projected	2006-07 Actual	2007-08 Projected
Average Pavement Condition Index (PCI) for County maintained roads.	78.0	75.9	75.0

The above performance measure reflects the division's commitment to maintaining a high level of road safety and conditions, as roads are historically high on the concerns of the public. The average Pavement Condition Index is the standard used for the overall structural status of a road. Any road with a grade of 70 or greater is considered to be in very good condition.

Transportation – Caltrans Contract

DESCRIPTION OF MAJOR SERVICES

This budget unit was established to account for the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works and the California Department of Transportation (CalTRANS). This agreement allowed for the coordination and administration of consultant engineering contracts in support of CalTRANS projects. The one remaining project to design and construct the widening of Interstate 15 from Victorville to Barstow was completed in 2006-07.

There is no staffing associated with this budget unit.

Transportation – Etiwanda Interchange Improvement

DESCRIPTION OF MAJOR SERVICES

This budget unit was established to separately account for the revenues and expenditures related to a cooperative agreement between the county's Department of Public Works, the California Department of Transportation (Caltrans), and the Catellus Corporation. This agreement allows for the redesign of the interchange at Etiwanda Avenue and Interstate 10 near Fontana. This project has been designed and constructed in three Phases. Phase I consisted of the realignment of Valley Boulevard, Phase II was the reconstruction of the Etiwanda Avenue at I-10 interchange, and Phase III is the landscaping for the project. Phase I and Phase II have been completed. Phase III, which began in 2003-04, will continue through 2007-08.

There is no staffing associated with this budget unit.

Services and supplies of \$58,395 are decreasing by \$93,767 in 2007-08 based on the anticipated need of professional services for the project's final landscaping phase.

Transfers are budgeted at \$2,000, a decrease of \$18,000 for 2007-08, based on the anticipated reduction in labor needed to complete the project.

Use of money and property is budgeted at \$1,000, a decrease of \$4,000 for 2007-08, based on anticipated interest earnings on available cash.

State, federal, and other governmental aid is being reduced by \$114,074 because the remaining landscaping phase of this project is covered by funds already received through advanced reimbursement.

Transportation - High Desert Corridor Project

DESCRIPTION OF MAJOR SERVICES

In 2000-01, the Board of Supervisors approved a cooperative agreement between the county, the City of Victorville, and the Town of Apple Valley. This agreement allows for the beginning of environmental studies and preliminary engineering for an east/west high desert corridor north of Victorville from Highway 395 through the Town of Apple Valley. In accordance with the cooperative agreement, the city and the town will reimburse the county for all costs related to this project. This budget unit was established to separately account for expenditures and revenues related to this project.

In October 2006, the Board of Supervisors established the High Desert Corridor Joint Powers Authority (JPA) with Los Angeles County. The primary purpose of this JPA is to oversee the financing and construction of a 66-mile stretch of freeway corridor from State Route 14 in the Palmdale/Lancaster area through the high desert cities of Adelanto, Victorville, and Apple Valley. At the present time, appropriation and revenue related to this much larger project are not included in this budget unit. However, the budget may be subsequently adjusted to accommodate this project as the need arises.

There is no staffing associated with this budget unit.

Services and supplies of \$394,236 include professional service contracts, vehicle usage, computer hardware and software, communication charges, and office supplies.

Transfers are budgeted at \$969,011, an increase of \$76,103 for 2007-08, based on additional labor needs to support the project.

Use of money and property is budgeted at \$7,500, an increase of \$5,000 for 2007-08, based on anticipated interest earnings on available cash.

Other revenue is budgeted at \$1,173,619, an increase of \$154,815 for 2007-08, to reflect additional reimbursements from the City of Victorville, which is the lead agency for this project.

Transportation – Facilities Development Plans

DESCRIPTION OF MAJOR SERVICES

Transportation Facilities Development Plans are established by county ordinance to collect fees on new construction. These plans provide funds for construction of roads within the boundaries of the established fee area. As fees are collected, these monies are deposited into restricted accounts until sufficient funds have been accumulated to complete projects identified in the Plan Priority Project List. Fee ordinances have been approved in the areas of Helendale/Oro Grande, High Desert (Phelan and Pinon Hills), Lucerne Valley, Oak Glen, Oak Hills, Snowdrop Road, South & East Apple Valley, Summit Valley, and Yucaipa. Interim fee plans in the areas of Big Bear and Joshua Tree have been approved to collect fees pending final community approval.

There is no staffing associated with this budget unit.

Services and supplies of \$7,650,429 include professional service contracts for external road construction projects, road materials and vehicle usage related to in-house road maintenance and construction projects, and office supplies. Road projects budgeted for 2007-08 include: paving two sections of Duncan Road (from Johnson Road to Eaby Road and from Oasis Road to Buckwheat Road); construction of two rail road crossings on Duncan Road and Wilson Ranch Road at the Union Pacific Rail Road crossings; and intersection improvements on Trade Post Road at State Highway 18. Appropriation in this category is decreasing by \$1,514,300 mainly due to a portion of the unreserved fund balance now being set aside in contingencies.

Other charges are budgeted at \$120,500 for anticipated right-of-way purchases needed in 2007-08.

Transfers are budgeted at \$727,020, an increase of \$146,314 for 2007-08, due to increased labor cost of staff assigned to Transportation Facilities Development projects.

Contingencies are budgeted at \$3,360,311 as a portion of the unreserved fund balance will now be appropriated in this category each fiscal year for future projects.

Use of money and property is budgeted at \$398,725, an increase of \$236,238 for 2007-08, based on anticipated interest earnings on available cash.

Current services are budgeted at \$2,738,879, an increase of \$1,463,957 for 2007-08, resulting from increased development activity in Oak Hills, Apple Valley, and Helendale/Oro Grande areas.

Other financing sources are decreasing by \$120,000 due to a one-time cash transfer from the county general fund during 2006-07 for assistance with the Escondido Road project.

Transportation – Measure I Program

DESCRIPTION OF MAJOR SERVICES

Measure I is a twenty-year program that provides funding for roadway resurfacing, rehabilitation, and widening projects, as well as providing funds for elderly and handicap transit services. The source of funding is a countywide one-half cent sales tax that was passed by the voters in November 1989. The county is divided into six sub-areas, and the Measure I funds received must be spent within the sub-area in which they were collected. The sub-areas are as follows: North Desert, Morongo Basin, San Bernardino Mountains, Colorado River, Victor Valley, and San Bernardino Valley.

In November 2004, the voters of San Bernardino County approved the extension of this program for thirty years starting in 2010 and extending until 2040.

There is no staffing associated with this budget unit.

Services and supplies of \$17,981,920 include professional service contracts for external road construction projects, road materials and vehicle usage related to in-house road maintenance and construction projects, and office supplies. Appropriation in this category are decreasing by \$3,254,317 primarily due to a portion of the unreserved fund balance now being set aside in contingencies.

Other charges of \$137,425 represent right-of-way purchases.

Transfers of \$2,736,290 include contributions to the Road Operations Fund for project expenses as well as labor costs. The \$2,548,556 decrease is primarily due to several large contributions to the Road Operations Fund occurring in 2006-07 for several projects, including the Lake Gregory walkway (\$1,000,000) and San Bernardino Avenue signal projects (\$600,000). Also, this decrease reflects anticipated lower labor costs of staff assigned to Measure I projects in 2007-08.

Contingencies are budgeted at \$3,830,693 as a portion of the unreserved fund balance will now be appropriated in this category each fiscal year for future projects.

Reimbursements are decreasing by \$420,000 because of a one-time contribution received from Community Development and Housing in 2006-07 for the Newberry Road rehabilitation project.

Taxes are budgeted at \$8,233,560, an increase of \$512,028, based on the half-cent sales tax revenue projections for 2007-08.

Use of money and property is budgeted at \$441,048, an increase of \$42,340 for 2007-08, based on anticipated interest earnings on available cash.

State, federal, and other governmental aid is decreasing by \$1,313,477 primarily due to the receipt of federal funds for the Amboy Road overlay project and state funds for the Reche Road at State Highway 247 turn lane project occurring in 2006-07.

Current services are budgeted at \$691,242. This amount represents a decrease of \$702,550 from prior year because several projects with financial contributions from local agencies or cities were completed during 2006-07. These projects included the Alta Loma Drive waterline relocation project, the Beech Avenue resurfacing project, and the Cedar Avenue at Randall Avenue signal installation project.

Operating transfers in are decreasing by \$92,000 as this contribution was received from the county general fund in 2006-07 for the Wright Mountain Road paving project.

Transportation – Regional Development Mitigation Plan

DESCRIPTION OF MAJOR SERVICES

Pursuant to Measure I 2010-2040 and the November 2005 Congestion Management Program (CMP) update (as approved by SANBAG), local jurisdictions were required to adopt a development mitigation program by November 2006 to generate fair-share development contributions to regional transportation needs, including freeway interchanges, regional arterials, and railroad grade separation projects. The County of San Bernardino's development contribution target shares were calculated for each of the unincorporated city spheres of influence in the San Bernardino Valley and Victor Valley as part of SANBAG's Development Mitigation Nexus Study. The County's Regional Transportation Development Mitigation Plan was adopted by the Board in November 2006.

Development impact fees, based upon the Nexus Study development contribution amounts, area growth projections, and regional transportation projects, are collected at the time of issuance of a building permit for all residential, commercial, and industrial development. When sufficient fees are collected to cover the development contribution fair-share amount of projects, applications are submitted to SANBAG for the Measure I and/or Federal and State funds necessary to construct the regional arterial roads, freeway interchanges, and railroad grade separation projects listed in the Regional Development Mitigation Plan.

There is no staffing associated with this budget unit.

Services and supplies of \$1,227,800 include professional service contracts for external road construction projects. The \$5,866,000 decrease is mainly due to a large portion of the projected revenues now being set aside in contingencies.

Transfers are budgeted at \$183,650, a decrease of \$902,780 for 2007-08, based on anticipated labor needed for evaluation of new projects in 2007-08.

Contingencies are budgeted at \$6,914,067 as a portion of the 2007-08 projected revenues will now be appropriated in this category for future projects.

Total revenue of \$8,180,230, mostly generated from fees, reflects no change from the amount budgeted in the prior year.

Solid Waste Management - Operations

DESCRIPTION OF MAJOR SERVICES

The Solid Waste Management Division (SWMD) is responsible for the operation and management of the county's solid waste disposal system, which consists of six regional landfills, nine transfer stations, and five community collection centers. In this capacity, SWMD provides oversight, direction, and guidance to Burrtec Waste Industries (Burrtec), the county's contractor for disposal site operations and maintenance and for the county's Comprehensive Disposal Site Diversion Program. The SWMD oversees the post-closure maintenance at 27 inactive or closed landfills and waste disposal sites throughout the county. The SWMD also administers the county's solid waste handling franchise program and the refuse collection permit program, which authorizes regular trash collection by private haulers in the county unincorporated area.

Actual expenses in 2006-07 were approximately \$4.6 million less than budget as a result of fewer costs for professional services during the year. Departmental revenue was approximately \$6.8 million less than budget due mostly to a lesser amount of tonnage received at the county landfill/disposal sites than originally anticipated.

APPROPRIATION

Salaries and benefits of \$7,936,741 fund 99.9 positions. The increase of \$549,066 consists primarily of the following:

- \$190,322 associated with MOU, retirement, and worker's compensation adjustments.
- \$232,840 for the addition of 4.0 new positions as follows:

1.0 Secretary II (\$52,940) for the Administrative section to provide support to the Division Manager including performing a wide variety of secretarial duties/administrative tasks requiring the interpretation of county policies/procedures and access to highly controversial and confidential matters, including legal and personnel matters.

1.0 Scale Operator (\$67,106) for the Operations and Scales section to staff the new scale facility at the Victorville Landfill which is being added to handle increased traffic at that facility. In addition, this position may be assigned, as needed, to any of the ten (10) scaled disposal sites to meet staffing/schedule requirements for all scaled facilities.

1.0 Office Assistant III (\$56,397) for the Planning and Permitting section to provide general office functions and accomplish the indexing/scanning of the large volume of historical documentation maintained in the division's library.

1.0 Office Assistant III (\$56,397) for the Special Projects section to conduct research, compile data, develop tonnage reports, perform mass mail distributions, make copies, establish/maintain filing system for section, and maintain administration staff calendars.

- \$56,151 for the following five proposed reclassifications:

Office Assistant II to Office Specialist (\$5,967).

Staff Analyst II to Budget Officer (\$11,294).

Accountant II to new classification of SWMD Chief Accountant (\$11,294).

Staff Aide to Staff Analyst II (\$16,198).

Media Specialist to Staff Analyst II (\$11,398).

- \$62,261 net increase resulting from the following:

\$88,889 increase for an additional 0.7 in budgeted staffing associated with the dual fill of an Administrative Supervisor II position approved in 2006-07.

\$29,285 increase for an additional 0.4 in budgeting staffing associated with increased overtime

\$55,913 decrease due to the deletion of 1.0 vacant Contract Equipment Operator III position.

Services and supplies are budgeted at \$39,807,980 for 2007-08. This amount includes payments to Burrtec for operation and maintenance of the county's disposal sites, insurance, COWCAP charges, legal fees, consultant contracts, and other professional services/technical assistance. The \$4,914,894 increase from prior year is primarily due to expansion of the Comprehensive Disposal Site Diversion Program (CDSDP) to all active landfills and four major transfer stations. The Board of Supervisors approved the CDSDP on January 9, 2007, and Ordinance No. 4007 that established the related AB 939 fee was adopted on January 23, 2007. The goal of the CDSDP is to divert certain types of waste brought to the county's active landfills/major transfer stations, via self-haul customers, from the solid waste stream. The diversion will assist the county and its cities in reaching the diversion goal mandated by AB 939. In addition, the diversion will prolong the life of the active landfills.

Other charges of \$15,080,216 include debt service costs and Article 19 payments to cities. The additional \$594,997 budgeted for 2007-08 is due to an increase in the debt service principal and interest payments on the 2003B bond issuance.

Transfers of \$265,793 represent amounts to other departments for such costs as legislative services, Human Resources/Payroll charges, and EH&P expenses. The \$165,393 decrease reflects elimination of transfers to PSSG Administration since the general fund is now recovering these costs through COWCAP.

Depreciation is increasing by \$575,006 based on existing depreciation schedules. This increase does not impact the financial resources of SWMD since depreciation expense is a non-cash transaction that is adjusted annually for accounting purposes.

Operating transfers out of \$10,924,337 is primarily comprised of cash transfers to the Site Enhancement, Expansion and Acquisition Fund (Fund EAC) for the following purposes:

- \$4.0 million to fund construction of two new Septic Ponds, one at the Barstow Landfill and one at the Landers Landfill for an estimated cost of \$2.0 million each.
- \$1.4 million, which represents the final distribution of proceeds from the 2005-06 Milliken Land Sale that will be used to fund capital projects.
- \$5.4 million to finance a deficit in the Site Enhancement, Expansion, and Acquisition budget unit. During 2007-08, it is anticipated that all remaining proceeds from the 2005-06 Milliken land sale will have been utilized to fund capital projects. However, this fund will still require additional financing to meet the objectives for funding projects in 2007-08. Consequently, the operations fund will need to transfer an additional \$5.4 million to this fund.

DEPARTMENTAL REVENUE

Taxes of \$7,334,581 are increasing by \$247,831 due to a greater amount expected from the equivalent single family residence (ESFR) fees paid with the property tax bill.

Licenses and permits of \$2,946,280 are increasing by \$840,480 resulting from the renewal of franchise agreements.

Use of money and property of \$711,219 is increasing by \$418,719 mainly due to additional interest earned on the fund's cash balance.

State, federal and other governmental aid of \$239,326 is decreasing by \$1,450,093 due to less grant funds expected.

Current services of \$68,434,504 are increasing by \$12,586,033 primarily to reflect the following:

- \$5.6 million in AB 939 fees from the Comprehensive Disposal Site Diversion Program that is expanding to all active landfills and four major transfer stations.
- \$2.8 million increase in ordinary refuse revenues mainly due to a Board-approved fee increase and an increase in tonnage accepted at the landfills/disposal facilities.
- \$3.4 million increase in fees from cities with Waste Delivery Agreements primarily because of cost of living adjustments and increased tonnage.

Other revenue of \$112,400 is principally from uniform handling/exemption program application fees.

Operating transfers in are decreasing by \$498,234 in 2007-08 due to one-time funding received in 2006-07 from the county general fund for debris cleanup costs associated with the Sawtooth/Millard Complex Fire.

FIXED ASSETS

Improvements to land of \$1,331,000 consist of:

- \$500,000 for parking lot settlement repairs at Heaps Peak Transfer Station.
- \$286,000 for resurfacing of the entry road at Twentynine Palms Landfill
- \$260,000 for costs related to the purchase/installation of 2 new permanent scales at Victorville Landfill.
- \$200,000 for access road construction at Victorville Landfill.
- \$85,000 for the purchase/installation of one new permanent scale at Heaps Peak Transfer Station.

Improvements to structures of \$635,000 includes the following:

- \$350,000 for construction of a new permanent scalehouse at Victorville Landfill.
- \$150,000 for the purchase/installation, including foundation and grading, of a new 60 ft. double wide Mobile Office Trailer at Mid-Valley Landfill to house field staff.
- \$100,000 for the purchase/installation of a new Modular Style Scalehouse at Twentynine Palms Transfer Station.
- \$35,000 for Scalehouse Restroom Addition at Heaps Peak Transfer Station.

Equipment of \$72,013 includes a Towable Hydroseeder to seed inactive landfills (\$38,713), four Global Positioning System devices (\$23,000), and RFID equipment for the Mid-Valley Sanitary Landfill (\$10,300).

Vehicles of \$142,000 include the addition of three half-ton 4x4 pickup trucks for field staff (\$84,000), 4x4 SUV for a Scale Operations Supervisor II (\$30,000), and a small passenger van for the special programs section (\$28,000).

Capitalized Software of \$16,000 is related to a Geographic Information Services mailing label project.

PERFORMANCE MEASURES			
Description of Performance Measure	2006-07 Projected	2006-07 Actual	2007-08 Projected
Pounds of trash per cubic yard of capacity - Low Volume Sites.	1,000 lbs	1,020 lbs	1,030 lbs
Pounds of trash per cubic yard of capacity - Medium Volume Sites.	1,200 lbs	1,160 lbs	1,170 lbs
Pounds of trash per cubic yard of capacity - High Volume Sites.	1,100 lbs	1,120 lbs	1,130 lbs

SWMD's goal of efficiently utilizing landfill capacity is the most important element for the Solid Waste Management Division and its operations. By utilizing capacity in the most effective manner, the division will be able to provide services to the public at the lowest cost and assure that landfill space is available for the foreseeable future. Increasing the density of the trash is an easily measured objective and one that the division feels can be achieved.

The amounts listed above for 2006-07 are estimates. SWMD will not have the actual density amounts calculated until November, 2007. However, these actual amounts will be included in the County's 2008-09 Business Plan.

Solid Waste Management – Site Closure and Maintenance

DESCRIPTION OF MAJOR SERVICES

The Site Closure and Maintenance Fund provides for the closure of landfills and for post-closure maintenance [e.g., fencing, storm damage, soil erosion, but excluding landfill gas and groundwater monitoring] required by Titles 14 and 25 of the California Code of Regulations. This fund accounts for the expenses and revenues related to the planning, design, permitting and construction activities required for closure and post-closure maintenance of county landfills.

There is no staffing associated with this budget unit.

Appropriation of \$1,300,203 reflects costs associated with the closure and post-closure of county landfills. The \$1,018,453 decrease consists of:

- \$954,247 reduction in services and supplies resulting from fewer projects scheduled for 2007-08.
- \$64,206 decrease in depreciation expense.

Departmental revenue is decreasing by \$3,767,897 primarily due to reduced operating transfers from the Financial Assurance Fund because of less funding required in 2007-08 for closure projects.

Fixed Assets of \$7,486,281 include projects scheduled at the Big Bear, Newberry, and Phelan Landfills. There is a \$9,892,529 decrease primarily because of a reduction in the number of closure projects in 2007-08.

Solid Waste Management – Site Enhancement, Expansion, and Acquisition

DESCRIPTION OF MAJOR SERVICES

The Site Enhancement, Expansion and Acquisition Fund provides for the expansion construction of landfills and transfer stations, the purchase of land, the construction of new facilities and site enhancements. This fund accounts for the expenses and revenues related to the planning, permitting, construction and design activities required for the expansion and/or enhancement of county landfill and transfer station operations.

There is no staffing associated with this budget unit.

Appropriation in 2006-07 was approximately \$3.0 million under budget resulting from the deferral of capital projects to subsequent years.

Departmental revenue was approximately \$3.1 million more than budget primarily because of the following:

- \$1.9 million allocated from the Cal-Trans Settlement to assist with the San Timoteo Expansion project.
- \$0.8 million in additional interest earned on the Fund's cash balance.

Fixed Assets were \$12.0 million less than budget due to the deferral of certain projects.

Appropriation of \$10,872,664 reflect costs associated with a number of landfill expansion projects. The \$3,843,207 increase is due to the following:

- \$1,404,529 increase in services and supplies for pre-construction costs associated with capital projects.
- \$2,438,678 increase in depreciation due to added capital assets, plus changes in the disposal sites' cumulative capacity usage percentages.

Departmental revenue of \$12,629,794 consists primarily of operating transfers from the SWMD's Operation Fund to finance expansion projects. The \$11,321,794 increase reflects the following:

- \$273,000 increase in revenue from use of money and property for interest earned on the fund's cash balance.
- \$223,750 of additional current services revenues related to Article 19 and 20 landfill gate fees. This increase is the result of additional system-wide tonnage.
- \$10,825,044 increase in operating transfers in from the SWMD Operations Fund. The transfers represent funding for construction of the Barstow and Landers Septic Ponds, final receipt of the Milliken land sale proceeds, and financing to eliminate a potential fund deficit.

The \$23,603,000 appropriated in fixed assets is for costs associated with landfill expansion projects scheduled for 2007-08. These projects include the following:

- Victorville Phase 1B Stage 1 – Liner Construction.
- San Timoteo – Unit 2 Phase 3 Excavation/Liner Construction.
- Landers Septic Pond #3 Construction.
- Barstow Surface Impoundment #3 and Septic Receiving Facility Construction.
- Barstow Phase 1 Stage 1 (Basin area) Liner Construction.
- Colton Landfill Scale area Liner Construction.

The additional amount of \$1,417,192 is due to project cost increases.

Solid Waste Management – Environmental Fund

DESCRIPTION OF MAJOR SERVICES

The Environmental Fund provides environmental mitigation activities (e.g., landfill gas extraction and groundwater remediation created by the landfill) at closed and inactive landfill sites for the health and safety of the public. This fund accounts for the expenses and revenues related to these environmental remediation activities.

There is no staffing associated with this budget unit.

Unrestricted Net Assets Available at Year End	20,185	-	18,798,205		13,230,228

For 2006-07, appropriation was approximately \$7.2 million less than budget due to the deferral of certain projects until 2007-08.

The \$1.4 million increase in revenues for 2006-07 was mainly due to additional interest earned on the fund's cash balance and unanticipated funds from the Cal Trans Litigation Settlement.

Fixed assets were \$2.6 million less than budget due to the deferral of capital projects to subsequent years.

Appropriation of \$13,261,133 includes the cost of environmental mitigation activities at closed and inactive landfill sites. The \$2,616,193 increase is due to the following:

- \$2,443,995 of additional services and supplies for the addition of new projects.
- \$172,198 increase in depreciation expense.

Departmental revenue of \$1,630,905 includes the \$0.69 per ton perchlorate surcharge fee approved by the Board of Supervisors in 2006-07. The \$200,816 decrease is a net result of the following:

- \$162,000 increase in revenue from use of money and property due to additional interest earnings.
- \$137,184 increase in current services revenue from the Perchlorate Surcharge Fee.
- \$500,000 decrease in other revenue related to the one time receipt of Cal Trans Litigation Settlement funds during 2006-07.

The \$1,600,000 budgeted in fixed assets includes \$550,000 for an extraction/treatment system at the Yucaipa Landfill; \$500,000 for groundwater monitoring wells at the Mid-Valley Landfill; \$300,000 for treatment system at Heaps Peak Landfill; and \$250,000 for monitoring wells at the Lenwood-Hinkley Landfill. The \$3,100,000 decrease is the result of several projects being deferred until subsequent years.

Solid Waste Management – Environmental Mitigation Fund

DESCRIPTION OF MAJOR SERVICES

The Environmental Mitigation Fund (EMF) was established to provide separate accountability of that portion of the tipping fee designated as a resource for addressing solid waste facilities impacts on local communities. The Board of Supervisors (Board) approved an Environmental Mitigation Fund Use Policy on July 10, 2001. In accordance with this policy, projects or programs must reduce, avoid, or otherwise mitigate impacts arising from the operations and management of a county owned landfill or transfer station to be eligible for use of EMF monies. Current programs funded through EMF monies are the Household Hazardous Waste (HHW) Program in unincorporated county communities, ongoing since 1993; the Community Clean Up Program approved by the Board in 1994; the Community Collection program; and a partnership providing funding for Code Enforcement's staffing coordination of the Supervisory Districts community clean-up projects. Revenues collected in this fund are also used to make contractual payments to the six host cities with a county landfill within its boundary or sphere of influence. On March 30, 2004, the Board approved an amended EMF Use Policy that revised the eligibility criteria to include the county's portion of costs associated with debris cleanup in the aftermath of a locally declared disaster.

There is no staffing associated with this budget unit.

Appropriation of \$3,668,815 mainly represents contractual payments due to the six host cities with a county landfill within its boundary or sphere of influence. The \$217,596 increase is as follows:

- \$90,000 increase in services and supplies for costs associated with community cleanup efforts and illegal dumping abatement actions, as approved by the Board of Supervisors.
- \$126,490 increase in other charges attributed to the annual payment to Environmental Health Services for partial funding of the countywide Household Hazardous Waste [HHW] program. The amount is increasing because of an expanded HHW program for 2007-08.
- \$1,106 increase in depreciation expense.

Departmental revenue of \$3,756,449 primarily reflects that portion of the landfill gate fee designated for addressing solid waste facilities impacts on local communities. The \$342,814 increase is due to:

- An additional \$48,000 in interest earnings on the fund's cash balance.
- \$294,814 of additional current services revenue based on an increase in system-wide tonnage. This fund receives \$1.00/ton from the solid waste tipping fee.

REAL ESTATE SERVICES

David H. Slaughter

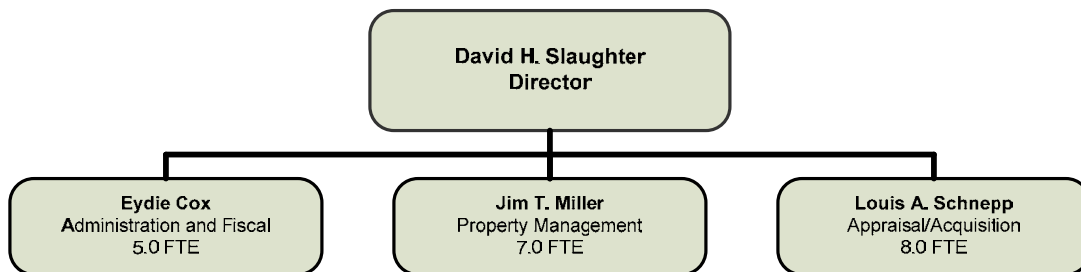

MISSION STATEMENT

The mission of the Real Estate Services Department (RESD) is to partner with county departments and other public agencies to develop innovative, professional processes and provide cost-effective, efficient, high quality and timely support to accomplish their real estate needs to include lease negotiations and documentation, property management, appraisal services, right-of-way acquisitions, land and building purchases, surplus property sales and maintenance of the database inventory of county-owned buildings, land and leased facilities.

STRATEGIC GOALS

1. Improve the quality and professionalism of services.
2. Improve the Department's fiscal services by automating manual fiscal functions and systems.
3. Improve customer service with departments that lease non-county owned space and/or lease county-owned space to others.

Real Estate Services

DESCRIPTION OF MAJOR SERVICES

RESD negotiates and administers revenue and expenditure leases on behalf of county departments. More than 300 revenue leases allow for the use of county-owned facilities, generally at county parks and airports, and generate revenue to offset expenses incurred to provide such facilities to residents and users. Approximately 240 expenditure leases are managed to provide facilities throughout the county for departments and their employees to support the delivery of services in locations convenient to the residents served.

RESD also provides appraisal, acquisition and relocation assistance for county departments and, upon request, to other agencies including San Bernardino Associated Governments (SANBAG), the State of California, and various cities. The department establishes values and acquires the necessary rights-of-way needed to complete public safety projects, including the construction and maintenance of transportation corridors and floodways. The department also acquires land and facilities for various functions, disposes of property determined to be surplus to the county's needs, and maintains an inventory of all county land and facilities.

Salaries and benefits of \$2,298,580 fund 24.0 positions, which is an increase of \$97,951 due to a Board-approved reclassification, MOU increases, and workers' compensation and retirement rate adjustments. On March 20, 2007, the Board of Supervisors approved the reclassification of 1.0 vacant Office Specialist (pay range 35) to Secretary II (pay range 38) to better align the classification with the actual duties of the position.

Services and supplies of \$352,839 include contracted appraisal, architectural, and space design services. The increase of \$111,810 is primarily for architectural and space design services to be completed for large projects.

Transfers of \$41,983 are primarily for personnel and payroll services. The increase of \$12,769 reflects adjustments for payroll processing, classified advertising costs paid to the Human Resources Department, and EH&P charges.

Reimbursements of \$100,000 are for architectural and space design services to be completed for large projects.

Current services revenue of \$1,498,056 reflects monies received from non-general fund departments and non-county governmental entities for services rendered. The increase of \$33,712 is due to additional projects anticipated in 2007-08.

Services and supplies of \$37,254,380 represent lease payments. The increase of \$1,476,530 is due to inflationary lease cost adjustments based on the Consumer Price Index or a fixed amount as specified in the various lease agreements. Reimbursements will increase for the same reason.

Reimbursements of \$37,153,201 are from various user departments to pay for lease costs. The \$1,484,641 increase is based on increased lease costs.

Departmental revenue of \$101,179 reflects revenue from the lease of county-owned space and will decrease by \$8,111 in 2007-08 due to the expected termination of a lease in June 2007.

Courts Property Management

DESCRIPTION OF MAJOR SERVICES

The Trial Court Facilities Act of 2002, SB 1732, requires the transfer of responsibility for funding and operation of trial court facilities from all counties to the State of California on behalf of the Judicial Council of California, Administrative Office of the Courts (Court). In addition, when each transfer occurs, the county and Court enter into an agreement that defines who manages the operations and maintenance of the building. This budget unit is used to manage and account for reimbursements from the Court for maintenance, utilities, insurance, overhead expenditures, and work order requests for space occupied by the Court in county-managed facilities. This budget is also used to manage and account for reimbursements to the Court for costs associated with the space occupied by the county in Court-managed facilities.

This is a newly established budget unit in 2007-08 and therefore no history is available.

There is no staffing associated with this budget unit.

Services and supplies of \$934,165 include maintenance and utilities costs for the Big Bear and Central Courthouse.

Transfers of \$310,000 constitute reimbursements to the Facilities Management Department for costs paid by that department, such as the elevator operator at the Central Courthouse.

Reimbursements of \$807,000 come from the Facilities Management Department for the county's share of maintenance and utilities. This budget unit will in turn reimburse the state for those costs.

Departmental revenue of \$392,165 include reimbursements from the state for an on-going amount of maintenance as well as charges for property management services.

Chino Agricultural Preserve

DESCRIPTION OF MAJOR SERVICES

The Real Estate Services Department administers a special revenue fund to continue the Agricultural Land Acquisition and Preservation Program under the California Wildlife, Coastal and Parkland Conservation Act. The department is responsible for negotiating and managing leases, preparing conservation easements, managing properties acquired, and recommending future acquisitions. Property management activities include arranging for all ordinary and emergency repairs, and improvements necessary to preserve the properties at their present condition, enhancing their operating efficiency, or altering them to enhance lease potential and/or comply with lease requirements. Expenditures are fully financed through revenues received from the lease of acquired properties.

There is no staffing associated with this budget unit.

Services and supplies of \$647,053 are for costs related to ongoing maintenance of program properties. The decrease of \$63,529 is due mainly to the termination of the dairy management contract with the Southern California Agricultural Land Foundation (SCALF). Real Estate Services Department staff now manages the dairy properties.

Contingencies are increased by \$1,054,965 to adjust for 2006-07 actual expenditures and revenues.

Departmental revenue of \$1,160,648 reflects leasing of county-owned properties that are part of this program. The increase of \$58,082 reflects annual rent adjustments, which are based on fixed rates or changes to the Consumer Price Index.

REGIONAL PARKS

Thomas A. Potter

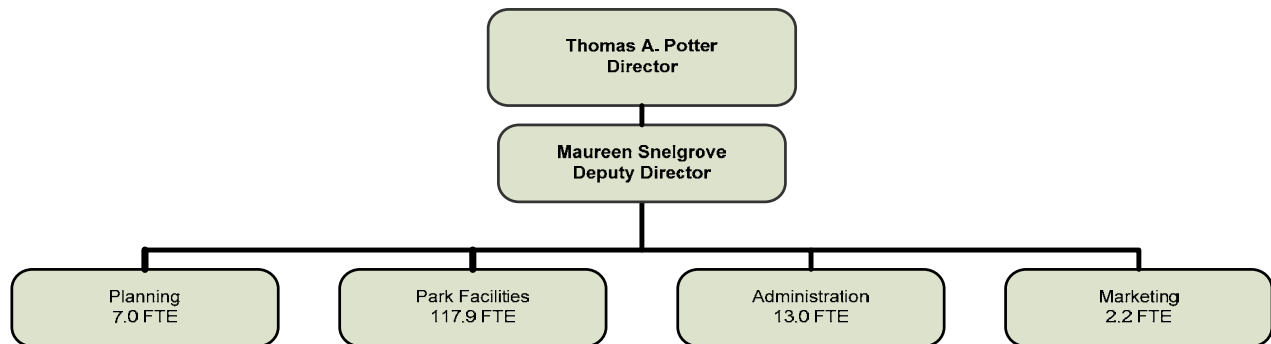

MISSION STATEMENT

The mission of the Regional Parks Department is to ensure diversified recreational opportunities for the enrichment of county residents and visitors while protecting the county's natural, cultural, historical and land resources.

STRATEGIC GOALS

1. Increase public awareness of new enhancements and amenities throughout the county regional park system.
2. Provide excellent customer service to ensure return visitors.
3. Ensure public safety and maintenance of the county trail system.

Regional Parks

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department is responsible for the operation and maintenance of nine regional parks located throughout the county. These parks, which encompass approximately 9,200 acres, are as follows: Prado (Chino), Cucamonga-Guasti (Ontario), Glen Helen (San Bernardino), Mojave River Forks (Summit Valley), Mojave Narrows (Victorville), Moabi (Needles), Lake Gregory (Crestline), Yucaipa, and Calico Ghost Town (Yermo). Visitors to the county parks enjoy open space, walking trails, camping, swimming, fishing, picnicking, equestrian activities, playing fields, and other recreational opportunities available to the public. The department sponsors cultural, educational and promotional events through the use of park resources and contractual agreements with private, non-profit, and other public entities. Park special events include Civil War Days at Calico, Huck Finn Jubilee at Mojave Narrows, and Jamboree Days at Lake Gregory.

The department also administers the county's Trails Program (currently there are 16.6 miles of open, accessible, and usable trails throughout the county being maintained by Regional Parks), oversees operation of the Morongo Wildlife Preserve in Morongo Valley, is responsible for enforcing the lease with the operators of the Hyundai Pavilion at Glen Helen Regional Park, and manages approximately \$10 million in projects funded by the State Bond Propositions 12 and 40. Additionally, Regional Parks has introduced a one-day environmental studies day camp for elementary and middle school children, and operates a summer camp program at Camp Bluff Lake near Big Bear.

Salaries and benefits of \$6,518,612 fund 133.7 positions to oversee administration, planning, marketing, operations and maintenance of nine regional parks, 16.6 miles of trails, Big Morongo Preserve, a summer camp near Big Bear, and various special events/programs such as the environmental science day camp program. The \$622,896 increase includes the following:

- \$252,000 for the addition of 4.0 Ranger II positions, as well as the upgrade of an existing Ranger II to a Park Superintendent, to address large scale and specialized projects at each of the regional parks.
- \$170,033 for MOU, equity, and retirement rate adjustments.
- \$68,941 for costs resulting from the state's recent minimum wage increase.
- \$125,000 for the cost of two Board-approved mid-year actions to add staff (1.0 Media Specialist II in charge of marketing; 1.0 contract event coordinator for the San Moritz Lodge), in addition to these reclassifications:

Executive Secretary II to Executive Secretary III.

Office Assistant II to Office Assistant III.

3.0 General Service Worker II's to 1.0 Office Assistant II and 2.0 Park Ranger II's.

Services and supplies of \$3,396,888 include the cost of the following: fish for stocking the lakes and derbies, park maintenance/supplies, aquatic facility supplies, motor pool charges, advertising, insurance, and the cost of conducting special events. The \$651,787 increase primarily reflects additional amounts for park maintenance, risk management liability premiums, vehicle operating costs, inflation, and \$250,000 for the Healthy Parks Program. This program promotes a healthy, outdoor lifestyle in collaboration with the Public Health Department.

Vehicles of \$245,000 reflect the addition of a Tractor (\$70,000), Work Truck (\$65,000), Lift/Boom (\$60,000) and Brush/Limb Chipper (\$50,000), which are needed to assist with large scale and specialized projects at the regional parks

Transfers of \$41,609 represent costs paid to other departments for services provided. The \$11,319 increase includes additional costs to Human Resources for EH&P and advertising charges, as well as Facilities Management custodial and grounds maintenance services that were previously accounted for in services and supplies.

Reimbursements of \$160,065 mainly represent the amount for providing project management pertaining to the following programs/projects: senior nutrition luncheon in Crestline, Environmental Science Day Camp, various Proposition 12 and 40 projects, and special event productions at Calico Ghost Town Regional Park. A decrease of \$69,510 is anticipated primarily due to the winding down of Proposition 12, with nearly all the grant funds being expended and most the projects completed. Also, less staff time is now involved in overseeing the summer camp program at Camp Bluff Lake.

Operating transfers out of \$4,653 will not be necessary in 2007-08 as this amount has now been reclassified to the Central Computer category.

Use of money and property of \$1,115,900 represents revenue from park concessions. The department is projecting no increase for 2007-08 in this category.

Current services of \$5,547,000 consist of revenues from camping, fishing, park entrance fees, swimming facility use, and special events. Revenue is expected to increase by \$99,770 primarily due to fee increases approved by the Board of Supervisors on March 20, 2007.

Other revenues of \$46,900 represent fees collected primarily from sales of bait and firewood, as well as a small amount of snack bar sales at the Lake Gregory Regional Park boathouse. An increase of \$6,500 is anticipated based on current sales projections and trends.

Operating transfers in of \$20,000 reflect the amount received from the Glen Helen Amphitheater budget to offset administrative costs associated with Regional Parks' management of the Hyundai Pavilion contract and collection of utility abatement fees paid by concessionaires.

County Trail System

DESCRIPTION OF MAJOR SERVICES

Regional Parks is the steward of the county's Regional Trail Program charged with the development, operation and maintenance of diversified trails throughout the county. This continuous trail system will be enjoyed by the region's burgeoning population for cycling, hiking and equestrian use, linking open space with parks and non-motorized transportation corridors. In 2004-05, construction was completed on a 3.5-mile segment of trail along the Santa Ana River, between La Cadena Drive and Waterman Avenue (Phase II), and is currently open to users. Construction on the 3.3 mile segment between the Riverside County Line and La Cadena Drive (Phase I) is scheduled for completion in May 2007. Design and environmental work has also commenced on Phase III, from Waterman Avenue to California Street, with construction anticipated to begin in the fall of 2007. The design and environmental work is also underway for the upper Santa Ana River Trail (Phase IV), linking the trail to the San Bernardino Mountains starting at California Street.

There is no staffing associated with this budget unit.

Departmental Revenue	240,534	2,153,686	545,587	5,806,908	4,897,597
Fund Balance				(876,602)	

Appropriation in 2006-07 was approximately \$775,000 less than budget primarily because of an anticipated design contract for Phase IV of the trail not being awarded until 2007-08.

Departmental revenue in 2006-07 was approximately \$910,000 less than budget mainly due to less state and federal reimbursements for Phase III of the Santa Ana River Trail (SART). Most of the design and environmental costs for this phase will now be incurred in 2007-08; therefore, the corresponding reimbursements will also be received during that year.

Services and supplies of \$5,590,083 represents anticipated costs to finish design, environmental work and construction of Phase III of the SART, construction of the Wilson Creek Trail project, and appropriations for design and environmental work for Phase IV of the SART.

Land and improvements are budgeted at \$445,500 for construction of lighting improvements for the soccer fields at Yucaipa Regional Park and preliminary work anticipated for Colton Regional Park, both federal grant projects.

State aid revenues of \$731,995 include reimbursements for construction of the Wilson Creek trail, Santa Ana River Phase III, and a final reimbursement for Phase I. Federal aid revenues of \$5,270,489 reflect reimbursements for costs associated with construction of Phase III and design/environmental work on Phase IV of the Santa Ana River Trail.

Proposition 12 Projects

DESCRIPTION OF MAJOR SERVICES

Proposition 12 is the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000, responding to the recreational and open-space needs of a growing population and expanding urban communities. The Program is intended to revive state Stewardship of natural resources by investing in neighborhood and state parks to meet the urgent need for safe, open and accessible local park and recreational facilities. Regional Parks' total allocation of Proposition 12 funds is \$4,832,410. On January 29, 2002, the Board of Supervisors approved a list of projects to be funded by this financing source. Funding under this proposition expires in June 2008, and all projects are expected to be completed before that time.

There is no staffing associated with this budget unit.

Appropriation in 2006-07 was \$205,000 less than budget primarily because construction on the Moabi campground restroom project did not commence until after July 1, 2007 and was re-budgeted for 2007-08 accordingly. Consequently, grant revenues for this project will also not be received until 2007-08.

Land and improvements are budgeted at \$687,000 for construction of a campground restroom at Moabi Regional Park and residual carryover balances for the campground expansion project at Yucaipa Regional Park and the shelter/restroom replacement project at Glen Helen Regional Park that are currently under construction. The decrease of \$1,342,322 is because funding under this proposition expires in June 2008 and most projects have already been completed.

Operating transfers out of \$31,100 represent a reimbursement to the parks maintenance development fund for costs related to a sewer lift station pump replacement at Moabi Regional Park.

Other governmental aid of \$1,054,544 represents reimbursements for the cost of projects completed or nearing completion.

Proposition 40 Projects

DESCRIPTION OF MAJOR SERVICES

Proposition 40 is the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2002, responding to the recreational and open-space needs of a growing population and expanding urban communities. The program is intended to revive state Stewardship of natural resources by investing in neighborhood and state parks to meet the urgent need for safe, open and accessible local park and recreational facilities. Regional Parks' total allocation of Proposition 40 per capita funds is \$4,858,000. On December 16, 2003, the Board of Supervisors approved a list of per capita projects to be funded by this financing source.

There is no staffing associated with this budget unit.

Land and improvements are budgeted at \$2,768,455, which includes construction of a snack bar and restroom renovation project at Mojave Narrows Regional Park, some ongoing turf and irrigation improvements at Glen Helen Regional Park, and a residual amount for participation in the Santa Ana River Trail Phase I project.

Operating transfers out of \$12,582 represents a reimbursement to the trails fund for costs related to construction of Phase II of the Santa Ana River Trail.

Other governmental aid of \$2,297,268 represents reimbursements for the cost of projects. The \$582,037 decrease is due to fewer projects scheduled for 2007-08.

Operating transfers in of \$18,100 represent a reimbursement from Park Maintenance/Development fund for design costs related to the Mojave Narrows Regional Park Interpretive Center project.

Moabi Regional Park Boat Launch Facility

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Division was awarded a \$1,273,000 grant from the California Department of Boating and Waterways in July 2002 for the purpose of renovating the Moabi Regional Park Boat Launching Facility. The project, completed in the summer of 2005, provides additional opportunities for the public to enjoy recreational water activities including boating, fishing and waterskiing. All project expenditures and reimbursements have been completed and a grant closeout has been performed. Consequently, this fund is no longer necessary and it was closed during 2006-07.

There is no staffing associated with this budget unit.

Transfers of \$1,378,000 reflect the amount to the county general fund to finance the cost of the facility's debt service payment.

Contingencies of \$551,877 represent undesignated fund balance.

Revenue from use of money and property of \$1,235,000 includes rent received from the operators of the Amphitheater, as well as anticipated interest earnings on this fund's cash balance.

Other revenue of \$120,000 represents the amount received from the Amphitheater operators for naming rights of the facility.

Amphitheater Improvements at Glen Helen

DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide for improvements to the Hyundai Pavilion at Glen Helen Regional Park. These improvements are designed to maintain the amphitheater and its facilities in their current condition in order to preserve a quality entertainment experience for its visitors. This fund is financed jointly by deposits from the Regional Parks Department and the operators of the pavilion.

There is no staffing associated with this budget unit.

Services and supplies of \$390,598 are appropriated for maintenance of the regional parks. The decrease of \$162,904 is based on less fund balance available in 2007-08.

Equipment is budgeted at \$228,720. This amount includes the following purchases:

- \$43,500 for three utility vehicles
- \$35,000 for a river maintenance boat
- \$ 9,000 for a maintenance/rescue boat
- \$55,000 for a tractor
- \$10,000 for an overseeder
- \$45,000 for a wide area mower
- \$25,000 for a front mower
- \$ 6,220 for a brush/lake mower

Operating transfers out of \$18,100 represent a reimbursement to the Proposition 40 fund for design costs related to the Mojave Narrows Regional Park Interpretive Center project.

Revenues of \$212,000 include \$190,000 for current services that represents five percent of gate entrance fees and a portion of reservation fees, as well as \$22,000 in estimated interest earnings based on the fund's cash balance available.

Operating transfers in of \$31,100 represent a reimbursement from the Proposition 12 fund for costs related to a sewer lift station pump replacement at Moabi Regional Park.

Calico Ghost Town Marketing Services

DESCRIPTION OF MAJOR SERVICES

This special revenue fund was established to provide separate accountability and operations of marketing services for Calico Ghost Town Regional Park. A portion of revenues from the Calico Ghost Town concessionaires and park admission fees are used to advertise and market several special events including Calico Days, Spring Bluegrass Festival, Heritage Fest, Calico Ghost Haunt and the Civil War.

Budgeted Staffing					1.0	1.2	0.2

Salaries and benefits of \$67,480 fund one full-time and one part-time position for a total of 1.2 budgeted staffing. The increase of \$7,569 is primarily due to a 0.2 increase in budgeted staffing for an extra help position. This person will act as a liaison between the park and tour bus companies in an effort to attract more visitors to Calico Ghost Town Regional Park.

Services and supplies of \$369,235 represent the cost of producing and advertising special events at the park. An increase of \$47,390 is due to increased departmental revenue and increased fund balance available for 2007-08.

Transfers of \$15,264 represent reimbursements to the Regional Parks general fund budget unit for costs to cover park resources used to produce special events.

Use of money and property of \$61,200 includes revenues from a percentage of concession sales. This amount remains unchanged based on the current concession contracts and sales figures.

Current services of \$105,000 include revenue from a portion of entrance fees.

Other revenue of \$246,000 includes revenues from the park special events. Due to the growing popularity of the special events, and the addition of an extra weekend for hosting the Calico Ghost Haunt event, this revenue is projected to be \$34,000 greater than the amount budgeted in the previous fiscal year.

Off-Highway Vehicle License Fee

DESCRIPTION OF MAJOR SERVICES

Off-Highway vehicle funds are provided pursuant to state law, and derived from fines for violation of off-highway vehicle operations and licensing. These funds are used for the development of off-highway trails and areas in compliance with state requirements.

There is no staffing associated with this budget unit.

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, actual expenditures in this fund are typically less than budget. The amount not spent in 2006-07 has been re-appropriated in the 2007-08 budget.

Departmental revenue was significantly greater than budget due to a change in methodology in which the State now allocates the off-highway vehicle license fees.

Services and supplies of \$440,618 represent costs related to development of off-highway trails. The \$352,762 increase is based on additional fund balance available.

Operating transfers out of \$323,113 is for other departments incurring costs related to development of off-highway trails.

Departmental revenue of \$321,000 reflects the amount anticipated in 2007-08 from fines for violation of off-highway vehicle operations and licensing. The \$241,000 increase is the result of the state's new methodology of distributing off-highway vehicle license fees.

Snack Bars

DESCRIPTION OF MAJOR SERVICES

The Regional Parks Department provides staff to operate four snack bars located at the following parks: Glen Helen (island site and swimming complex), Lake Gregory, and Mojave Narrows. Enterprise funds were established for each snack bar to provide management with sound accountability and timely reports. Excess revenue resulting from operations is used to enhance the snack bars or other park operations. Snack bars at other regional parks (Cucamonga-Guasti, Yucaipa and Prado) are operated by a Board-approved private contractor.

Salaries and benefits of \$23,566 fund 1.3 positions, mainly extra help employees because the snack bars are typically seasonally operated. Only a slight increase of \$63 has been budgeted based on the fact that Regional Parks will be instituting new timecard coding procedures in July to better track time spent by employees at snack bar locations.

Services and supplies of \$53,700 represent purchases of food and bait for taxable resale at the snack bars.

Transfers of \$343 represent costs for the employee health and productivity program administered by the Human Resources department.

Other revenue of \$82,000 includes revenue from the sales of food and bait items at the four snack bar locations.

Camp Bluff Lake

DESCRIPTION OF MAJOR SERVICES

Camp Bluff Lake is a 120-acre camp located in the San Bernardino Mountains near the City of Big Bear. The Camp is currently owned by The Wildlands Conservancy. The Board of Supervisors approved an agreement with The Conservancy for the county's use of the Camp Bluff Lake facility for a children's summer camping program. The camp provides children with recreational opportunities and the ability to increase their appreciation of the wonders of nature. Seizing the opportunity to expand its youth services program, the Board of Supervisors approved another agreement with The Conservancy to develop an Environmental Science Day Camp program, a one-day environmental studies retreat for elementary school children. Income and expenses for both youth services programs are being accounted for in this enterprise fund.

Appropriation was approximately \$47,000 greater than budget principally due to the cost of salaries and benefits for eight naturalists working under the Environmental Science Day Camp program. These positions were not included in the 2006-07 budget because this new program commenced during the year. These positions were funded by a grant from The Wildlands Conservancy for the Environmental Science Day Camp program.

Salaries and benefits of \$171,714 fund 5.9 positions. The \$94,939 increase reflects the inclusion of 4.4 extra-help positions for the Environmental Science Day Camp program.

Services and supplies of \$16,265 include miscellaneous supplies for the Environmental Science Day Camp program. A decrease of \$41,195 is primarily the result of operations at Camp Bluff Lake being suspended for the 2007 summer season.

Transfers of \$64,985 represent reimbursements to the Regional Parks general fund budget unit for salary and benefit costs related to the Youth Services Coordinator position that oversees the Environmental Science Day Camp program. A decrease of \$22,403 is anticipated due to reduced salary and benefit costs for the coordinator overseeing Camp Bluff Lake operations.

Use of money and property of \$5,200 is for interest earned on the fund's cash balance.

Current services revenues are not anticipated in 2007-08 based on a suspension of operations at Camp Bluff Lake for the 2007 summer season.

Other revenue of \$200,000 is anticipated from grants to fund the Environmental Science Day Camp program.

REGISTRAR OF VOTERS

Kari Verjil

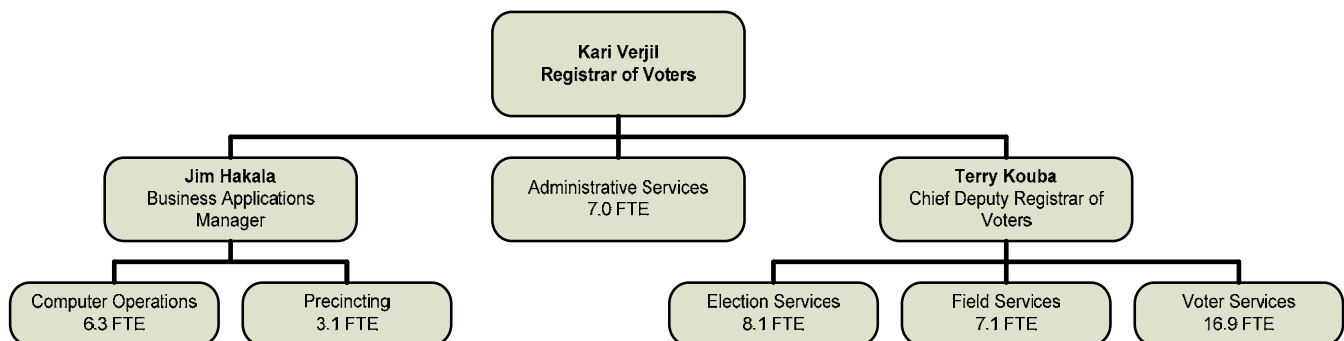

MISSION STATEMENT

The Registrar of Voters office upholds the integrity of the electoral process by consistently conducting fair and open elections that are accessible to all and that accurately reflect the intent of the electorate, promotes public confidence, increases voter participation, and strengthens democracy while providing the highest quality of customer service.

STRATEGIC GOALS

1. Increase voter participation in the electoral process to further ascertain the will of the people.
2. Create a pool of experienced and reliable pollworkers to provide the highest quality of service to our customers that is delivered with dignity and respect.
3. Improve/remodel Registrar of Voters office environment to promote professionalism and improve customer service.

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The primary function of the Registrar of Voters Department is to conduct elections as prescribed by district, city, county, state, and federal laws, and regulations.

The Administrative Services Section oversees the preparation and monitoring of department budget, prepares estimates and billings for election services, oversees contracting and purchasing, and manages personnel and payroll.

The Computer Operations Section provides computer support to the department through the in-house computer system and vendor supplied election software, coordinates technical services with the Department of Information Services, and oversees all counting operations in-house.

The Precincting Section creates and maintains jurisdictional boundaries. This involves maintenance of street address files, updating of zip code changes, and realignment of district boundaries. Depending upon which jurisdictions are on the ballot, voter precincts can be combined to form larger election precincts that meet policy guidelines.

The Election Services Section oversees the filing of candidates, calling of elections, petition process, preparation of sample ballots, campaign disclosure filings, and provides information/data to candidates/campaigns. Recruits pollworkers, coordination of the student and County poll worker programs, provides their training, and assigns them to the appropriate poll locations.

The Field Services Section provides programming and maintenance of electronic voting equipment in preparation for each election. Assembles/distributes/retrieves poll election supplies, and provides facility support to the department. Recruits locations to serve as polling places.

The Voter Services Section maintains the computerized voter files, verifies petition signatures, and provides phone and counter assistance to voters. Voter registration cards and signatures are electronically captured to provide additional security and reducing future labor costs. Coordinates Voter Outreach training and State mandated programs to increase registration and provides absentee/mail ballot voting services.

Budgeted Staffing					40.0	51.5	11.5

The overall budgetary changes in the 2007-08 Final Budget, from that of the 2006-07 Final Budget, are characterized by the two following significant factors: (1) the reduction of \$6.0 Million in Help America Vote Act (HAVA) one-time funds that were available from the state via a contractual agreement (No. 06-424), to assist the county with its conversion to touch screen electronic voting with Voter Verified Paper Audit Trail functionality; and (2) transitioning from a one-election cycle in 2006-07 to a three-election cycle in 2007-08.

The 2007-08 budget would have routinely included a provision for two major elections; however, on March 15, 2007 the Governor of the State of California signed Senate Bill 113 (SB 113) that created one additional major election during this fiscal year. This will result in a split of the California 2008 Primary Election, which is customarily held in June during a Presidential Primary Election cycle, into two major countywide elections that will take place on February 5, 2008 and on June 3, 2008. The February 2008 Election will serve as the Presidential Primary Election with party-specific ballot types, and will likely result in high voter turnout. The June 2008 Election will serve as the Statewide Primary Election that will include Congressional, State Senate, Assembly, and county offices with multiple ballot types; however, this will likely result in low voter turnout based on similar previous elections. Statewide and local propositions will be permitted to consolidate with the February 2008 and June 2008 elections. SB 113 contains no specific appropriation provision or timetable with which to

reimburse counties for the cost of the additional February 2008 election, other than language included in SB 113 that referenced the intention of the Legislature to reimburse counties in an expeditious manner upon certification of election costs. In anticipation of this reimbursement, 2007-08 state aid budgeted revenue was increased by \$2,000,000. If the February 2008 election costs are not reimbursed by the state in 2007-08, the general fund would be required to fully absorb these election costs, or absorb them temporarily until such time that the state provides the reimbursement.

Salaries and benefits of \$3,108,500 fund 51.5 positions and are increasing by \$682,982 primarily due to costs to maintain current services, such as negotiated labor agreements, and an increase of 11.5 budgeted staffing. The budgeted staffing increase, necessary in order to conduct three major elections in 2007-08, is partially offset by savings due to budgeted clerical positions at lower step levels because of staff turnover, and an overall reduction of one-time HAVA grant funding (\$107,000).

Budgeted staffing adjustments are as follows:

- Increased 3.8 various regular positions for anticipated overtime to be paid prior to, during, and immediately following each of these three major elections.
- Increased 4.3 extra-help positions (3.8 PSE and 0.5 extra-help) to provide staff assistance during these major elections.
- Increased 2.7 various regular clerical positions (1.4 Office Assistant II, 0.8 Office Assistant III, and 0.5 Office Assistant IV positions) to eliminate a previous year vacancy factor.
- Increased 1.0 regular position (Applications Specialist) to develop an asset-tracking program for voting equipment.
- Decreased net 0.3 regular positions (added 2.0 Election Services Assistant positions that was offset with a reduction of 2.3 PSE positions) to provide staff support for a repair and maintenance program of voting equipment.

Services and supplies of \$8,529,075 include appropriation authority to cover routine operating expenses, in addition to election-related expenses (such as postage, printing, temporary help, and other services), in order to conduct three major elections; and residual HAVA grant funded expenses of \$2,100,683. The overall increase of \$496,512 is primarily attributed to an increase (\$4,196,084) to accommodate two additional major elections instead of one major election that was included in the 2006-07 base budget, offset by a reduction of one-time HAVA grant funding (\$3,264,472), and a reduction of one-time funding from the general fund (\$435,100) for the cost of placing two charter amendments on the November 2006 ballot, and.

There will be no equipment or vehicles purchased in 2007-08. The decrease in equipment purchases (\$169,000) and vehicle purchases (\$213,000) is due to a reduction in one-time HAVA grant funding (\$382,000).

Transfers of \$18,553 fund contributions toward the cost of the employee health and wellness program (\$10,553), and for pest extermination charges (\$8,000). The increase of \$8,268 is primarily attributed to a reclassification of facility maintenance charges from the services/supplies appropriation series to transfers.

There will be no operating transfers out in 2007-08. The decrease of transfers out is due to a reduction in one-time HAVA grant funding (\$2,278,043) that was transferred to the Electronic Voting Reserve in 2006-07.

Revenue totaling \$8,077,133 is derived from the state for the reimbursement of postage (\$25,000), for the SB 90 program (\$260,000), for reimbursement of the February 2008 election (\$2,000,000) and for residual HAVA grant funding (\$2,100,683); for the sale of ROV services/products (\$30,450); and from election services (\$3,661,000) for participating jurisdictions that share in the cost of elections. The overall decrease of \$1,384,974 is primarily attributed to a decrease of one-time HAVA grant funding (\$6,031,515), offset by an increase in state reimbursement for the February 2008 election (\$2,000,000), an increase in election services revenue (\$2,609,541) due to the November 2007 UDEL election which is 100% funded by participating jurisdictions, and an increase in ROV services/products (\$30,000).

Percentage of time for the Business Systems Analyst III position to provide technical support for the electronic voting system.	100%	5%	100%

Performance Measure 1: A total of six off-site early voting locations were implemented in 2006-07 (prior to the June 2006 and November 2006 elections), and were located at: Cal State San Bernardino, the Apple Valley Library, the Hesperia Library, the Ontario Library, the City of Upland (City Hall), and the City of San Bernardino (City Hall). The ROV continues to receive requests and will determine if additional sites can be supported in 2007-08.

Performance Measure 4: Due to extended recruitment efforts by the Human Resources Department, the Business Systems Analyst III position that was originally intended to be filled shortly after January 2007 was filled on May 14, 2007. This has resulted in the 2006-07 actual percentage of time that is lower than previously projected.

Special Districts - Fish and Game Commission

DESCRIPTION OF MAJOR SERVICES

The Fish & Game Commission is administered by the Special Districts Department, and its primary function is to act as the liaison between the State Department of Fish & Game, the County Board of Supervisors, and the public. The Commission makes recommendations to the Board of Supervisors on matters pertaining to wildlife in San Bernardino County.

The Fish and Game Commission budget receives funding from fines imposed on hunting, fishing and environmental infractions. These funds are used by the Commission to assist qualified organizations with projects that assist in enhancing wildlife and with its propagation in San Bernardino County.

There is no staffing associated with this budget unit.
